

REGULAR MEETING

Monday, July 19, 1954, 6:30 P.M. CST

The Common Council of the City of Indianapolis met in the Council Chamber at the City Hall, Monday, July 19, 1954, at 6:30 P.M. CST in regular session.

Vice-President Schumacher in the chair.

The Deputy Clerk called the roll.

Present: Mr. Brown, Mr. Ehlers, Mr. Eltzroth, Mr. Emhardt, Mr. Radel, Mr. Wallace, Mr. Wicker, Vice-President Schumacher.

Absent: President Bright.

The reading of the Journal for the previous meeting was dispensed with on motion of Mr. Wallace, seconded by Mr. Radel.

COMMUNICATIONS FROM THE MAYOR

July 9, 1954

TO THE MEMBERS OF THE COMMON COUNCIL
OF THE CITY OF INDIANAPOLIS

Gentlemen:

I have this day approved with my signature and delivered to the City Clerk, Mrs. Grace M. Tanner, the following ordinances:

APPROPRIATION ORDINANCE NO. 7, 1954

An ordinance appropriating the sum of Twenty-five Thousand

(\$25,000.00) Dollars from the anticipated, estimated, unexpended and unappropriated 1954 balance of the General Fund of the City of Indianapolis to a certain designated fund and item in the Department of Public Works, Administration, created by virtue of the 1954 Budget (General Ordinance No. 100, 1953, as amended) for the purpose of razing certain City buildings which are no longer useful, declaring an emergency, and fixing a time when the same shall take effect.

APPROPRIATION ORDINANCE NO. 10, 1954

An ordinance appropriating, transferring, reappropriating, and reallocating a certain sum, Tax Levy Money, from a certain designated item and fund of the Department of Public Parks, as appropriated under the 1954 Budget (General Ordinance No. 100, 1953, as amended), to a certain other designated item and fund therein, declaring an emergency, and fixing a time when the same shall take effect.

APPROPRIATION ORDINANCE NO. 11, 1954

An ordinance appropriating, transferring, reappropriating and reallocating a certain sum, Tax Levy Money, from certain designated items and funds of the Department of Public Safety, Municipal Dog Pound, as appropriated under the 1954 Budget (General Ordinance No. 100, 1953, as amended) to certain other designated items and funds therein, declaring an emergency, and fixing a time when the same shall take effect.

APPROPRIATION ORDINANCE NO. 12, 1954

An ordinance appropriating the sum of Thirty-five Thousand (\$35,000.00) Dollars from the anticipated, estimated, unexpended and unappropriated 1954 balance of the General Fund of the City of Indianapolis to a certain designated fund and item in the Department of Law, created by virtue of the 1954 Budget (General Ordinance No. 100, 1953, as amended), declaring an emergency and fixing a time when the same shall take effect.

GENERAL ORDINANCE NO. 86, 1954

An ordinance to amend the Municipal Code of Indianapolis, 1951, as adopted by General Ordinance No. 140, 1951, and more

particularly Title 4, Chapter 8, Section 4-819, by repealing subsection 25 thereof, prohibiting the owner, driver or operator of any vehicle from parking, stopping or standing on Kentucky Avenue between certain designated points and during certain designated hours, and fixing a time when the said amendment shall take effect.

GENERAL ORDINANCE NO. 87, 1954

An ordinance to amend the Municipal Code of Indianapolis, 1951, as adopted by General Ordinance No. 140, 1951, and more particularly Title 4, Chapter 8, Section 4-817, by repealing subsection 30 thereof, prohibiting the owner, driver or operator of any vehicle from parking, stopping or standing on Kentucky Avenue between certain designated points and during certain designated hours, and fixing a time when the said amendment shall take effect.

GENERAL ORDINANCE NO. 88, 1954

An ordinance to amend the Municipal Code of Indianapolis, 1951, as adopted by General Ordinance No. 140, 1951, and more particularly Title 4, Chapter 8, Section 4-815 thereof, prohibiting the owner, driver or operator of any vehicle from parking, stopping or standing on Washington Street between certain designated points and during certain designated hours, subject to the penalties provided and fixing a time when the said amendment shall take effect.

GENERAL ORDINANCE NO. 89, 1954

An ordinance to amend the Municipal Code of Indianapolis, 1951, as adopted by General Ordinance No. 140, 1951, and more particularly Title 4, Chapter 8, Section 4-821 (a) thereof, prohibiting the owner, driver or operator of any vehicle from parking, stopping or standing on Kentucky Avenue and Merrill Street between certain designated points and during certain designated hours, subject to the penalties provided and fixing a time when the said amendment shall take effect.

GENERAL ORDINANCE NO. 90, 1954

An ordinance establishing a certain passenger and/or loading

zone in the City of Indianapolis, pursuant to the provisions of Section 26 of General Ordinance No. 96, 1928, as amended; and fixing a time when the same shall take effect.

GENERAL ORDINANCE NO. 91, 1954

An ordinance to amend the Municipal Code of Indianapolis, 1951, as adopted by General Ordinance No. 140, 1951, and more particularly Title 4, Chapter 8, Section 4-812 thereof, prohibiting the owner, driver or operator of any vehicle from parking, stopping or standing on Lafayette Road at all times between certain designated points, subject to the penalties provided and fixing a time when the said amendment shall take effect.

GENERAL ORDINANCE NO. 92, 1954

An ordinance to amend the Municipal Code of Indianapolis, 1951, as adopted by General Ordinance No. 140, 1951, and more particularly Title 4, Chapter 6, Section 4-602 thereof, by making the alley known as Nineteenth Street and Brighton Boulevard one-way streets between certain designated points, subject to the penalties provided and fixing a time when the said amendment shall take effect.

GENERAL ORDINANCE NO. 93, 1954

An ordinance to amend the Municipal Code of Indianapolis, 1951, as adopted by General Ordinance No. 140, 1951, and more particularly Title 4, Chapter 8 thereof, by the addition of Section 4-834 prohibiting the owner, driver or operator of any vehicle from parking, stopping or standing on certain parts of certain streets between certain designated points and during certain designated hours, subject to the penalties provided and fixing a time when the said amendment shall take effect.

GENERAL ORDINANCE NO. 96, 1954

An ordinance to amend Section 11-103(a) of Title 11, Chapter 1 of the Municipal Code of Indianapolis, 1951, said Title 11, Chapter 1 being commonly known as the Zoning Code of the City of Indianapolis, Indiana, and fixing a time when the same shall take effect.

SPECIAL ORDINANCE NO. 11, 1954

An ordinance annexing certain contiguous territory to the City of Indianapolis and fixing a time when the same shall take effect.

Respectfully,

ALEX. M. CLARK.
Mayor

COMMUNICATIONS FROM CITY OFFICIALS

July 19, 1954

To the President and Members
of the Common Council of the
City of Indianapolis

Gentlemen:

In Re: General Ordinances Nos. 86, 87, 88, 89, 91,
92, 93 and 96, 1954

Pursuant to the laws of the State of Indiana, I caused publication to be inserted in the following newspapers:

G.O. Nos. 86, 87, 88, 89, 91, 92, 93 & 96, 1954—The Indianapolis Star, and the Indianapolis Commercial—Wednesday, July 14 and July 21, 1954

and that said ordinances are in full force and effect eight days after the last publication date and compliance with any laws pertaining thereto.

Very truly yours,

GRACE M. TANNER,
City Clerk

July 19, 1954

To the President and Members
of the Common Council of the
City of Indianapolis

Gentlemen:

In Re: Special Ordinance No. 11, 1954

Pursuant to the laws of the State of Indiana, I caused publication to be inserted in the following newspapers:

Special Ordinance No. 11, 1954—Wednesday, July 14
and July 21, 1954—The Indianapolis Star, and The In-
dianapolis Times,

and that said ordinance is in full force and effect thirty days after the last date of publication and compliance with all laws pertaining thereto.

Very truly yours,

GRACE M. TANNER,
City Clerk

July 14, 1954

To President and Members of the Common Council:
From: City Plan Commission
Subject: General Ordinance No. 95, 1954

In compliance with letter of June 22, 1954, signed by Grace M. Tanner, City Clerk, the subject ordinance was given a public hearing after due public notice by the City Plan Commission at its meeting July 12, 1954, and it was proposed to amend the description in the ordinance so as to establish the north line of the proposed U3 or Business District 105 feet south of the north line as described in the ordinance. This amendment was unanimously approved by the Commission, and the ordinance as so amended was also unanimously approved. The City Plan Commission therefore recommends passage of General Ordinance No. 95, 1954, as so amended.

July 19, 1954]

City of Indianapolis, Ind.

467

This ordinance would change the zoning from U1 or Dwelling House to U3 or Business in a tract of land located at the northwest corner of Perkins and Bethel Avenues.

NOBLE P. HOLLISTER,
Executive Secretary,
City Plan Commission

July 19, 1954

To the Honorable President and Members of the
Common Council of the City of Indianapolis, Indiana:

Gentlemen:

Submitted herewith are twenty-four (24) copies of Appropriation Ordinance No. 13, 1954, appropriating and advancing the sum of Twenty-five Thousand (\$25,000.00) Dollars from the anticipated, estimated, unexpended and unappropriated 1954 balance of the General Fund of the City of Indianapolis to a certain designated fund and item in the Department of Off-Street Parking, to be repaid from the first proceeds of bonds issued by the Indianapolis Off-Street Parking Commission, and authorizing the use of this sum to pay for plans and specifications for a parking garage.

Very truly yours,

CHARLES P. EHLERS
Councilman

July 19, 1954

To the Honorable President and Members of the
Common Council of the City of Indianapolis, Indiana:

Gentlemen:

Transmitted herewith are twenty-four (24) copies of Appropriation Ordinance No. 14, 1954, appropriating the sum of Fifteen Thousand (\$15,000.00) Dollars from the anticipated, unexpended and unappropriated 1954 balance of the Gas Tax Fund of the City of Indi-

anapolis to certain designated funds and items in the Department of Public Works, Municipal Garage (hereby created).

Very truly yours,

CHARLES P. EHLERS
Councilman

July 19, 1954

To the President and Members
of the Common Council of the
City of Indianapolis

Gentlemen:

Submitted herewith are twenty-four (24) copies of General Ordinance No. 101, 1954, of award of contract for the Public Lighting Contract beginning October 10, 1954 and ending October 10, 1959.

Very truly yours,

CHARLES P. EHLERS
Councilman

July 19, 1954

To the Honorable President and Members of the
Common Council of the City of Indianapolis, Indiana

Gentlemen:

Transmitted herewith are twenty-four (24) copies of General Ordinance No. 102, 1954, to establish a passenger and/or loading zone for the use and occupancy of H. and H. Bookbinding Company, 602 South Illinois Street.

Very truly yours,

GLENN W. RADEL,
Councilman

July 19, 1954

To the Honorable President and Members of the
Common Council of the City of Indianapolis, Indiana

Gentlemen:

Transmitted herewith are twenty-four (24) copies of General Ordinance No. 103, 1954, to amend Title 4, Chapter 6, Section 4-602 of the Municipal Code of Indianapolis, 1951, by repealing sub-section 23 thereof, making Henry Street a one-way street between Alabama and New Jersey Streets.

Very truly yours,

J. WESLEY BROWN
Councilman

FOUNTAIN SQUARE MERCHANTS ASSOCIATION
1105 Prospect Street — Suite 304
Indianapolis 3, Indiana

July 13, 1954

Mr. Glenn W. Radel, Chairman
Indianapolis City Council
Safety Committee
City Hall
Indianapolis, Indiana

Dear Sir:

A Special Meeting of the Fountain Square Merchants Association was held in the Lounge of the Fountain Square Theatre at 10:00 A.M., Tuesday, July 13th, 1954, at which 80% of the membership were present and the following proceedings were had:

Plans prepared by Mr. Bilby of the Bureau of Traffic Engineering for the elimination of traffic hazards, including the removal of the Fountain, creation of safety islands, installation of new Walk-Wait Traffic Signals at intersections and re-routing of auto traffic, all as shown on said plan were introduced to the meeting by the Chairman,

Mr. Ted Barker, and were fully explained by Mr. Bilby, Traffic Engineer.

After a full discussion of said plan, the following resolution was introduced by Mr. Earl Cunningham of the Fountain Square Theatre Company, Inc., and seconded by Mr. Jeeters of the G. C. Murphy Company:

“RESOLVED: That, whereas the Bureau of Traffic Engineering has, at the request of the Fountain Square Merchants Association, prepared and presented to this meeting a plan to improve the traffic congestion at Fountain Square, said plan having been fully discussed, considered and deemed necessary and desirable to improve and eliminate the congested traffic condition at Fountain Square at the earliest possible time; and in consideration thereof said plan is hereby approved.”

Upon being put to a vote the foregoing resolution was approved and adopted by the unanimous consent of all present at said meeting.

There being no further business to transact, the meeting was adjourned at 10:55 A.M.

We will appreciate your co-operation in placing this letter for the attention of the City Council at its next meeting, in order that proper action may be taken by the City Council at the earliest possible time.

Thanking you for your attention and co-operation, we remain

Very truly yours,

FOUNTAIN SQUARE MERCHANTS ASSOCIATION

INTRODUCTION OF APPROPRIATION ORDINANCES

By Councilman Ehlers:

APPROPRIATION ORDINANCE NO. 13, 1954

AN ORDINANCE appropriating and advancing the sum of Twenty-five Thousand (\$25,000.00) Dollars from the anticipated, estimated, unexpended and unappropriated 1954 balance of the General Fund of the City of Indianapolis to a certain designated fund and item in the Department of Off-Street Parking, to be repaid from the first proceeds of bonds issued by the Indianapolis Off-Street Parking Commission, authorizing the use of this sum to pay for plans and specifications for a parking garage, declaring an emergency and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL
 OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That the sum total of Twenty-five Thousand (\$25,000.00) Dollars from the anticipated, unexpended and unappropriated 1954 balance in the General Fund of the City of Indianapolis, be and the same is hereby advanced, appropriated and allocated to the following designated fund and item in the Department of Off-Street Parking created by virtue of the 1954 Budget (General Ordinance No. 100, 1953, as amended), to wit:

OFF-STREET PARKING

2. SERVICES CONTRACTUAL

26. Other Contractual ----- \$25,000.00

which 26, Other Contractual, is hereby created.

Section 2. The above appropriation is necessary, and the Department of Off-Street Parking is hereby authorized to use the same, to pay for plans and specifications for a proposed six-floor parking garage to occupy the quarter-block at the Southwest corner of Illinois and Maryland Streets, which has already been leased, for private off-street parking operations, constituting an existing emergency requiring additional funds for the use of the Department of Off-Street Parking of the City of Indianapolis. Such funds shall be repaid from the first proceeds of bonds issued by the Indianapolis Off-Street Parking Commission.

Section 3. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor, and compliance with all laws pertaining thereto.

Which was read for the first time and referred to the Committee on Finance.

By Councilman Ehlers:

APPROPRIATION ORDINANCE NO. 14, 1954

AN ORDINANCE appropriating the sum of Fifteen Thousand (\$15,000.00) Dollars from the anticipated, unexpended and unappropriated 1954 balance of the Gas Tax Fund of the City of Indianapolis to certain designated funds and items in the Department of Public Works, Municipal Garage (hereby created), declaring an emergency and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL
OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That the sum total of Fifteen Thousand (\$15,000.00) Dollars from the anticipated, unexpended and unappropriated 1954 balance in the Gas Tax Fund of the City of Indianapolis, be and the same is hereby appropriated and allocated to the following designated funds and items in the Department of Public Works, Municipal Garage (hereby created), to wit:

DEPARTMENT OF PUBLIC WORKS
MUNICIPAL GARAGE

3. SUPPLIES	GAS TAX
33. Gasoline, Grease, Tires, Oil, etc. -----	\$12,000.00
4. MATERIALS	
45. Repair Parts -----	3,000.00
TOTAL	\$15,000.00

which 33, Gasoline, Grease, Tires, Oil, etc. (Gas Tax) and 45, Repair Parts (Gas Tax) are hereby created.

Section 2. The above appropriation is necessary because of the existing emergency requiring additional funds for the use of the Department of Public Works, Municipal Garage.

Section 3. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor, and compliance with all laws pertaining thereto.

Which was read for the first time and referred to the Committee on Finance.

INTRODUCTION OF GENERAL ORDINANCES

By Councilman Ehlers:

GENERAL ORDINANCE NO. 101, 1954

AN ORDINANCE ratifying, confirming and approving the contract entered into on the 8th day of July, 1954, by and between the Indianapolis Power & Light Company, a corporation, and the City of Indianapolis, Indiana, acting by and through its Board of Public Works, with the approval of its Mayor, for lighting public streets, avenues, alleys and other public places and buildings and for furnishing and supplying electric current for light and power for all public buildings, public equipment and other public places.

WHEREAS, heretofore, to-wit: on the 8th day of July, 1954, the City of Indianapolis, acting by and through its Board of Public Works with the approval of its Mayor, entered into the following contract and agreement with the Indianapolis Power & Light Company, a corporation, to-wit: (H. I.)

NOW THEREFORE BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That the foregoing contract and agreement made and entered into by and between the Indianapolis Power & Light Company, a corporation, and the City of Indianapolis, Indiana, on the 8th day of July, 1954, be and the same in all things hereby is ratified, confirmed and approved.

Section 2. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor, and compliance with all laws pertaining thereto.

PUBLIC LIGHTING CONTRACT
OF
INDIANAPOLIS POWER & LIGHT COMPANY
WITH
CITY OF INDIANAPOLIS
BOARD OF PUBLIC WORKS

October 10, 1954 to October 10, 1959

ALEX M. CLARK

Mayor of City of Indianapolis

RICHARD K. MUNTER
GEORGE P. CAFUROS
THOMAS M. QUINN
JAMES D. STRICKLAND
Board of Public Works

PUBLIC LIGHTING CONTRACT

THIS MEMORANDUM OF AGREEMENT, made and entered into, in duplicate, this 8th day of July, 1954, by and between the Indianapolis Power & Light Company, a corporation organized and existing under the laws of the State of Indiana, hereinafter called the COMPANY, and the CITY OF INDIANAPOLIS, County of Marion, State of Indiana, hereinafter called the CITY, by and through its Board of Public Works, hereinafter called the BOARD, under and by virtue of an act of the General Assembly of the State of Indiana entitled "An Act Concerning Municipal Corporations", approved March 6, 1905, and all acts supplemental or amandatory thereto,
WITNESSETH:

1. AGREEMENT:

That the Company, in consideration of the payments of the several sums of money, as hereinafter set forth, hereby covenants and agrees to furnish and supply said City of Indianapolis, in its corporate capacity, with electric lights of the number, kind and standard hereinafter specified, and with such additional electric lights of the number, kind and standard which may be hereafter ordered installed by the Board, and to furnish and supply current for light and power for all public buildings, public equipment and other public places, excepting, however, the sewage disposal plant, service for which is covered by contract dated January 28, 1952 between Indianapolis Power & Light Company and the City of Indianapolis by and through its Board of Sanitary Commissioners, including maintenance, as specified herein, upon the conditions and stipulations and subject to the limitations as hereinafter set forth; and the City, on its part, expressly covenants and agrees that it will not use light or power for the above purposes from any other source during the term of this contract, except that the City may continue to generate and furnish light and power for such of its own requirements as it is now supplying.

2. COMPANY TO FURNISH EQUIPMENT:

That the Company shall furnish, for use in the performance of this contract, all the necessary materials, labor, plant, machinery and appliances, and construct, operate and maintain the same in such streets, avenues, alleys, subways and other public places in said City in such manner as the Board may from time to time direct during the life of this contract; provided, however, that the number of lights

to be operated and maintained by the Company shall not be at any time less than that shown and set forth in the specifications attached hereto, marked "Exhibit A" and, by reference, made a part of this contract the same as if incorporated herein.

3. TERM OF CONTRACT:

That the contract term of this agreement for lighting the streets, avenues, alleys and other public places of the City, as herein provided, shall begin at 12:00 o'clock noon on the 10th day of October, 1954 and continue for and during the term of five (5) years, ending at 12:00 o'clock noon on the 10th day of October, 1959.

4. WORK IN STREETS AND ALLEYS—MOVING POLES:

The work of construction, reconstruction or repair of any such part of the Company's plant and equipment as is located in any part of the streets, avenues, alleys and other public places, including the cutting into and repair of streets and pavement, the location or relocation of plant, lines, lamps, poles, conduits and all other equipment in the public streets, avenues, alleys, places and buildings, shall be done under the supervision and subject to the approval of the Board.

The Board reserves the right to order changes from time to time in the location of any part of the Street Lighting System or other equipment described in said Specifications, whenever such equipment is obstructing public improvements proposed by the City. The Company agrees that it will move, upon written direction of the Board, a maximum of ten (10) light standards and twenty-five (25) overhead light poles (with equipment) each year during the term of this contract without making any charge for such changes.

In case the Company shall neglect or refuse to obey such orders of the Board with respect to moving poles without charge, the Board is hereby authorized to perform such work and charge the costs thereof to the Company and deduct the same from any moneys due or which may become due to the Company.

All other changes in location of portions of Company's Street Lighting System or other equipment described in the Specifications and located in streets, avenues, alleys or other public places necessitated by proposed public improvements shall be made by the Company at the expense of the City, such expense to be estimated in

advance by the Company upon the basis set out in Section 7 of said Specifications.

No standards, poles, guy stubs or other portion of the Company's Street Lighting System now located in streets, alleys, avenues or other public places, or which may hereafter be located herein with the approval or at the direction of the Board, shall be relocated to suit the convenience of any private person, except upon written order of the Board. The expense of such change or relocation shall be estimated in advance by the Company, subject to the approval of the Board; and the Board, in the order directing the change, shall determine and fix the portion of such expense that the person requesting such change shall pay to the Company as a condition precedent to the same. The Company agrees that it will, as nearly as possible, restore, or cause to be restored, all streets, avenues, alleys and other public places to the same condition after the completion of any of its work as they were before being disturbed; that it will at all times make, or cause to be made, any and all repairs which may be necessary to any pavement or any street, avenue, alley or other public place by reason of the same having been excavated or disturbed by the Company in the prosecution of its work; that it will not, except upon emergencies, cut or enter into any street, avenue, alley or other public place without having first (a) prepared and filed maps, plans and specifications with the Board showing the work contemplated, (b) obtained the written consent, approval and permit of the Board thereto and (c) paid the permit fees required by ordinance. In the event the Company shall cut or enter into any street, avenue, alley or other public place for emergency repairs, the Company shall, within twenty-four (24) hours or by the next business day thereafter, secure a regular permit from the Board covering such work and pay the permit fees provided by law.

5. PROTECTION ON WORK:

That the Company shall not at any time open or encumber any more of any street, avenue, alley or other public place than shall be necessary to enable it to perform the work of laying its wires, conduits, cables and other appurtenances with proper economy and efficiency, and any opening or encumbrance of any such street, avenue, alley or other public place shall not be permitted to remain for a longer period than may be necessary in the judgment of the Board; and the Company shall effectually guard all such openings and encumbrances with barricades and lights to protect against accidents or injury to any person by reason thereof.

6. CITY RESERVES RIGHTS IN STREETS:

That the City reserves to itself all rights and powers which are now and may hereafter be vested in its Common Council, Board of Public Works or other Boards or officers concerning the regulation or the use of its streets, avenues, alleys or other public places, to prevent obstructing, damaging or encumbering the same; to regulate and protect sewers; to control the digging into and excavating such streets, avenues, alleys or other public places and to prohibit injury to the same; and reserves full right to exercise any and all of its police powers at any time, and nothing contained herein shall be construed as to in any way abridge any of such powers.

7. COMPANY TO CONFORM TO ORDINANCES:

That the Company shall in all operations connected with the work of construction or the lighting herein contemplated and specified, or in furnishing current or light hereunder, and in all other matters, conform to and obey all city ordinances or laws controlling or limiting in any way the actions of those engaged upon the work or affecting the materials used. The Company shall take all necessary precautions for the protection of life and property.

8. CONTRACT SUBJECT TO LAWS AND ORDINANCES:

That this contract, in all matters not herein specified, shall be subject to the provisions of the Acts of the General Assembly of the State of Indiana and the Ordinances of the Common Council of the City of Indianapolis, so far as they are applicable hereto.

9. INDEMNITY OF PATENTS AND SUITS:

That the Company shall indemnify and save harmless the City of Indianapolis, its officers and employees, from the payment of any and all damages, costs, expense, royalties, patent fees, attorney fees or any sum of money whatsoever becoming due and payable by reason of any actions, claims, demands, rights of action or proceedings arising out of any infringement or alleged infringement or use of any patent or patented or copyrighted device, article, system or arrangement that may be used by the Company on Company owned or leased equipment in the execution of this contract; but the Company shall have reasonable written notice of any claim, action or suit brought against the City, and/or its officers or employees, on account of any

such matters, and shall have the right to appear and defend against the same and demand and prosecute appeals therein; and upon such written notice by the City, the Company shall appear and defend such action and pay any expense incurred and any costs and final judgment that may be recovered therein against the City.

10. LIABILITY:

The Company shall and hereby agrees to indemnify and save harmless the City, and/or its officers and employees, from and against all loss, damage and expense resulting from or caused by the negligence of the Company in the construction, repair and maintenance of its property and system, or any part thereof, used in connection with supplying electric energy in the performance of this contract, but the Company will not assume or acknowledge and shall not be required to assume or acknowledge any liability whatsoever for damages resulting from injuries to or death of any person, or for damage to or destruction of any property, when the Company's only connection with such injury, death, damage or destruction, or with the event or events resulting in such injury, death, damage or destruction, is established by proof that such injury, death, damage or destruction was caused, or the event or events resulting in injury, death, damage or destruction was contributed to, by the failure for any reason or cause of any lamp or lamps in any part of the Company's electric lighting installation in the City of Indianapolis to be lighted or to be operated.

11. SPECIFICATIONS:

This contract is based upon the detailed specifications which are set forth or referred to in "Exhibit A" attached hereto and, by reference, made a part hereof.

12. RATES FOR SERVICE:

The City shall pay to the Company as full compensation for service supplied, as specified herein and in the specifications hereinbefore referred to, sums of money at the rates set forth in "Exhibit B" attached hereto and, by reference, made a part of this contract the same as if incorporated herein.

13. BILLS PAYABLE:

The rates or sums due the Company for performing service ac-

ording to the terms of this contract and at the prices set forth in "Exhibit B" shall be due and payable in monthly installments. The amount to be paid for service for any one month shall be due upon presentation of a bill therefor and shall be payable within thirty (30) days from date thereof. It is further agreed and stipulated that all forfeitures accruing and due the City for any reason from time to time, under this contract, shall first be deducted from the rates or sums to be so paid by the City. Bills will be rendered monthly, by the Company to the Board, for services rendered under this contract. Prices quoted in "Exhibit B" are net and are subject to a three per cent (3%) collection charge when not paid to the Company within thirty (30) days after date of bill.

14. ARBITRATION:

In the event any disagreement or controversy shall arise or is in dispute under and respecting the interpretation of this contract, or any provisions contained herein, such disagreement or controversy shall be referred, upon written request of either party and notice thereof presented to the other party, to a Board of Arbitration consisting of three (3) competent disinterested persons appointed in the following manner:

One member of the Board of Arbitration shall be named by the Board; one member of the Board of Arbitration shall be named by the Company, and the two so named shall name the third member of said Board of Arbitration. The members named by the Board and the Company shall acknowledge their appointment, in writing, and copies of the acknowledgments shall be presented to each party within fifteen (15) days after date written request for arbitration was presented. In the event that the two members of the Board of Arbitration selected by the Company and the Board, as hereinabove provided, do not within a period of ten (10) days after their appointment, jointly agree upon and name the third member of said Board of Arbitration, then and in that event such third member of the Board of Arbitration, upon written application of either party hereto, shall be appointed by the Chairman of the Public Service Commission of Indiana, who shall also fix the compensation to be paid to the member of said Board so appointed for any services performed, and the appointment so made and compensation so fixed shall be binding upon both parties. The Board of Arbitration so constituted shall have submitted to it all the facts and testimony with regard to such disagree-

ment or controversy. After full hearing, at which all parties interested shall have the right to be present and heard, the majority decision of the Board of Arbitration shall be final and conclusive and binding upon the City and the Company, and said parties shall abide by such decision and perform the conditions thereof as if the same were incorporated in and made a part of this contract. The expense of such arbitration, including the services of such third Arbitrator, shall be borne by the party requesting it, excepting in those cases where the Arbitrators decide in favor of the party making the request, whereupon such expense shall be equally divided between and borne by the City and the Company, but each party shall pay for the services of its own appointee at all times. Any expense chargeable to the City for such arbitration shall be paid from any funds available therefor.

15. SUBJECT TO PUBLIC SERVICE COMMISSION OF INDIANA:

This contract, including the rates and service fixed herein and all amendments, modifications and additions thereto and all ordinances passed by the City of Indianapolis, concerning the subject matter of such rates, shall be subject in all respects, where so provided by law, to the rules, regulations and orders of the Public Service Commission of Indiana, or any other body established by law succeeding to the power now or hereafter exercised by said Commission.

16. ASSIGNMENT:

Neither party shall assign, transfer or sublet any of the rights, powers and privileges granted by the terms of this contract without the written consent of the other party; but it shall be otherwise binding upon and inure to the benefit of the parties, their successors and assigns.

17. EXECUTION:

The execution of this contract by the duly authorized officers of the Indianapolis Power & Light Company has been authorized by resolution duly adopted by its Board of Directors and said City of Indianapolis has authorized the execution of the same by and through its said Board of Public Works by proper action and approval of its Mayor and Common Council.

IN TESTIMONY WHEREOF, the parties have hereunto set their hands, in duplicate, this 8th day of July, 1954.

EXHIBIT A

SPECIFICATIONS

1. ORNAMENTAL STANDARDS AND OVERHEAD LIGHTS:

The present installation of street lighting equipment, as shown on Exhibits One (1), Two (2) and Three (3), attached hereto and, by reference, made a part of these specifications, is to constitute the street lighting system upon which the contract is based, and the Board agrees that the same shall be the basis on which payment shall be made under the contract to the Company, until additions or retirements have been made as hereinafter provided.

2. DISCONTINUANCE OF SERVICE:

The Board shall have the right to discontinue at any time the use of any lamp or lamps served under the contract after not less than thirty (30) days' advance written notice to the Company of its intention to discontinue any such lamp or lamps; provided, however, that the total number of lumens produced and lamps in service shall never in any year be fewer than ninety-eight per cent (98%) of the number of lumens produced and lamps in service on the effective date of the contract, or on the 10th day of October of each year during the term thereof, whichever number is greater.

3. ADDITIONAL OVERHEAD LIGHTS:

The Company shall erect and place in operation promptly such number of additional overhead lights, similar to those described in Exhibit B attached to and, by reference, made a part of the contract, as the Board may from time to time order and locate in writing; provided, however, that the Board shall not require additional overhead lights or extensions during the last year of the contract term, unless the Company shall consent thereto.

In ordering additional overhead lights and extensions, due consideration shall be given to the method in which the lighting circuits are laid out and to the character, size and type of lights being used on these circuits and in the district involved, with the further provision that the Company shall not be required to make an overhead extension of more than 600 feet to supply one light.

4. ADDITIONAL STANDARDS:

The Company shall erect and place in operation promptly such number of additional standards, similar to those described in Exhibit B attached to and, by reference, made a part of the contract, as the Board may from time to time order and locate in writing; provided, however, that no additional standards or underground extensions shall be required of the Company during the last three (3) years of the contract without the consent of the Company, which consent shall not be withheld by the Company without just cause.

5. LAMPS AND ACCESSORIES:

Lighting shall be principally by means of series incandescent lamps or any other type of lamp as may be mutually selected and approved by the Board and Company after the contract has been approved as required by law. Such lamps shall be placed on, supported on or suspended from poles or ornamental standards with suitable brackets or mast arms, and the wires supplying electrical energy thereto shall be placed either overhead or underground.

The lamps to be furnished shall be of standard types, mutually selected and approved by the Board and Company, and, when operated at the amperage, voltage and wattage specified by the manufacturer, the total lumens of each lamp shall not be less than the amount specified and guaranteed by the manufacturer.

The series incandescent or other type lamps shall conform at all times to the highest standard of the best American lamps manufactured with bulbs of clear glass of uniform thickness and proper shape to avoid causing rings or streaks of light and shadow.

Globes, reflectors, housing and other accessories shall be of the best grade of the respective types as mutually selected and approved by the Board and the Company.

6. LIGHTING SCHEDULE:

All lamps shall be lighted approximately four thousand, thirty-one (4031) hours per year, in approximate accordance with the following lighting schedule, it being understood, however, that the control of such lighting in accordance with such schedule, may, at the Company's option, be by manual operation or by any mechanical or electrical device mutually approved by the Board and the Company:

7. CHANGES IN LOCATION OF STANDARDS AND SIZE OF LAMPS:

Upon written order of the Board, the Company will change the size of lamps in any standards or overhead pendants, subject to the minimum lumen guarantee contained in Section 2 hereof. The Company will also, upon written order of the Board, relocate any standard and overhead light, including equipment pertaining thereto, located in the streets, avenues, alleys or other public places; provided, however, that for all such changes of lamps and relocation of standards, overhead lights or other equipment the Company shall be reimbursed by the City for the total cost of labor and material necessary to accomplish such changes and relocations, plus fifteen per cent (15%) of material and labor cost for engineering and overhead, except that there will be no charge for the number of relocations which the Company agrees to make without expense to the City in Paragraph 4 of the contract. The Board may require detailed statements of relocation costs, etc., with statements as to the correctness thereof, sworn to by an authorized representative of the Company.

8. MAINTENANCE AND OPERATION:

Prices quoted for operating standards and overhead lights cover only normal operating and maintenance requirements, which are defined as follows:

Company will furnish necessary electrical energy for operating such standards and overhead lights; will furnish lamp renewals whenever necessary to provide the minimum lamp lumens specified in the contract; will paint each light standard at least once every five years from date of last painting; will furnish labor and material for emergency repairs necessary to maintain service; will patrol lights a minimum of twice a week; will clean globes and glassware at least twice each year; will replace or repair any defective material immediately or as soon as practicable, and will restore lights and equipment to normal operating conditions in case of trouble or accident.

It is understood by and between the parties hereto that the annual charge per light specified in Exhibit B, attached to and, by reference, made a part of the contract, includes all breakage of glassware, lamps or other street lighting equipment used in supplying street lights. The City upon its part agrees that it will enact and enforce all

reasonable ordinances for the protection of the property of the Company against trespass thereon or destruction thereof.

To accomplish the requirements of maintenance and operation, also to accommodate the Board otherwise and carry out all provisions of the contract, the Company will furnish a skilled operating organization consisting of all necessary employees, including servicemen, electricians, switchboardmen, linemen, patrolmen, laborers and supervisors, to provide service in an adequate and reasonable manner.

9. OUTAGES:

To restore service in the event of outages, the Company shall establish and maintain an efficient system of patrol for inspecting all lamps furnished and maintained under the contract. Any lamp which fails to burn properly shall be promptly put in order or immediately replaced. For such inspection, a sufficient number of men shall be employed to make an examination of each such lamp as often as reasonably necessary. The Company shall use all due effort to assure such inspection.

Any broken globes or reflectors shall be replaced as soon as practicable after the breakage is discovered.

The City's Police Department will report to the Company, as soon as practicable, all outages, observed or known by the members of said Department. The Company shall maintain a record of all outages observed or known, stating the number and locations of any lights extinguished or not burning, and the time when each light was reported extinguished or not burning, and the time the light was relighted. Said record shall also state the cause, if known, of each said light being extinguished or failing to burn.

To adjust the cost of street lighting service to the City for outages which occur each month during the term of the contract the Company shall credit on its monthly statement to the City for such street lighting service a sum equal to *two and two-tenths cents (2.2c)* per street light for each street light in service during said month.

When by reason of any order or requirement of the Federal Government, or other duly authorized authority, the use of electric current for street lighting is limited or prohibited, or street lighting is prohibited in toto, or for any given number of lamps, then no pay-

ment shall be made by the City of Indianapolis for such lamps as are not burning during the period of the order. If the order of the Government, or other authority, limits and restricts lighting during certain hours of the night, the payment under the contract shall be adjusted upon a basis to be agreed upon by the City and the Company, or determined by the Public Service Commission of Indiana.

10. JOINT USE OF POLES AND CONDUITS:

The Company, in order to avoid multiplicity of poles and conduits in the streets or other public places, so far as it is safe and practicable and not in conflict with any restriction of the City Council or any Act of the General Assembly of the State of Indiana or order of the Public Service Commission of Indiana, shall, upon written request of the Board, permit joint use of all or any of its poles and conduits, in any street, avenue, alley or other public place, by the City for street signs, fire alarms, telephone or telegraph signal circuits and traffic signal control circuits, or by other public utility companies, upon terms mutually agreeable to those affected.

No advertisements or material of any kind shall be permitted on standards, poles, globes or any part of any standard or pole owned by the Company, except such as may in the opinion of the Board be necessary for safety and traffic control.

The City shall have the right to place and remove street signs on any standard or pole at any time during the life of the contract. The placing and removal of said signs shall be done at the City's expense.

Attachments to the poles, standards and fixtures of the Company shall be made and maintained by the City, at its own expense, in accordance with standard specifications of the Company for doing such work, and such attachments shall be in such manner as will neither conflict with the use of said poles, standards and fixtures by the Company nor interfere with the working or use of its wires thereon and/or from time to time place thereon. The City shall, at its own expense, upon not less than thirty (30) days' advance written notice from the Company, change, alter, improve, repair or renew said attachments in such manner as the Company may direct.

The City shall and hereby agrees to indemnify and save harmless the Company against any and all damages or loss that may result to

the equipment and/or property owned or used by the Company and from and against any and all legal and other expense, claims, costs, losses, suits or judgments for damages or injuries resulting to persons or property by reason of the use or maintenance of the City's attachments to the poles, standards or fixtures of the Company, or by reason of acts of negligence of the agents or employees of the City, while engaged in the work of placing, maintaining or renewing attachments on or removing attachments from said poles, standards or fixtures.

In the event it is necessary to replace a pole or poles upon which the City has made attachments under the contract, because of street improvement, or because the pole is deteriorated, or because the load on said pole or poles has become greater than is safe for the pole to support, the City shall, at its own expense, transfer the attachments from the old to the new pole within ten (10) days after being requested, in writing, to do so by the Company.

Use of Company's conduits by the City as, hereinabove set out, shall conform to and be in accordance with the standard specifications of the Company for such use and in such manner as will not interfere with the use of said conduits by the Company.

Installation and maintenance of all fire alarms, telephone or telegraph signal circuits and traffic signal control circuits in Company's conduits shall be at City's expense.

In the event it is necessary or desirable, in the opinion of the Company, for the City to remove, replace, repair or relocate any equipment installed by the City in Company's conduits, said equipment shall be so removed, replaced or relocated by the City, at its own expense, within ten (10) days after being requested, in writing, to do so by the Company; provided, however, that if the City shall fail or refuse to comply with any such request, then such matter shall be referred to and decided by the Board of Arbitration provided for by the contract.

11. SCREENING OF LIGHTS:

Where the screening of lights is deemed necessary by the Board, the Board may, by written order, require the Company to provide and install screens, provided the Company is compensated in advance for the installed cost of such screens. The City agrees that it shall

indemnify and save harmless the Company from any and all claims, demands, losses, suits or judgments for damages or injuries resulting to persons or property by reason of the installation or use of such screens as may be ordered by the Board.

12. SPACE AND EQUIPMENT ON CITY PROPERTY:

When the requirements of the City, or demands on the Company, require space in City Buildings or on City property for the installation of transformation equipment, the City will furnish, exclusively for the Company's equipment, subject to special agreements approved by the Board, suitable unoccupied space for vault construction, such space to meet with the Company's requirements as to location, size and accessibility. The Company shall provide all necessary partitioning walls and shall furnish, install and maintain all necessary vault equipment, including all primary and secondary lines and connections within the vault, all at Company's expense.

The Company shall supply one meter for each public building installation, except where more than one department occupies a building. In such event a meter must be connected to the wiring for each department, if the Board, in writing, so requires.

The City will furnish and maintain all equipment from the point of connection by the Company, which shall be the property line of the property in which the electric current may be used, except any meter installed by the Company.

The Company shall supply electric service to the public buildings for heat, light and power for the twenty-four (24) hours of each and every day during the term of the contract.

13. IMPROVEMENTS IN SERVICE:

The Board shall have the right to require the Company to make use of any apparatus, appliances or devices, which are an advance or improvement in connection with the art or service of street lighting over the existing facilities as now or newly installed according to the contract and in use during any part of the term of the contract in the City of Indianapolis, whether in the way of economy, increased illumination, safety, improved appearance or otherwise. The Company shall, at the Board's request or as the Company becomes informed thereof, furnish it with detailed information concerning any such

apparatus, appliances or devices, including cost of installation, operation and maintenance, operating characteristics and any other data requested.

All questions relating to the increase or decrease in the investment or cost of operation and maintenance shall be determined and agreed upon by the Board and the Company.

In determining the amount of the increases or decreases of the investment, proper and reasonable allowance shall be made for the depreciated value of the equipment replaced; and, in case of new installations, comparison as to cost of investment shall be made with the type of service provided for in these specifications or determined by the Board. Upon such increased or decreased investments (measured from the investment required under these specifications) the Company shall be entitled to adjust compensation from the City, so as to fully reimburse it at the expiration of the contract for any additional investment required under the provisions of this paragraph, less the salvage value of the equipment replaced as realized by the Company and the salvage value of the new equipment at the end of the contract, plus or minus any change in operating expense caused by said new installation or replacement.

In case of replacements, the loss in investment shall be determined by ascertaining and fixing the depreciated value, and deducting therefrom the salvage value, if any. Such loss shall be paid by the City to the Company at such times and upon such terms as may be agreed upon. In case the replacement shall result in an increased or decreased investment, the additions or deductions from the contract price shall be made upon the same basis and in the same manner as in the case of new installations hereinbefore provided.

The net annual increases or decreases in the prices agreed upon in the contract by reason of the said improvements or changes, involving increases or decreases in the investment or cost of operation and maintenance, shall be added to or deducted from the prices provided for herein, and shall determine the prices thereafter to be paid for the said improved or modified service.

In case the Board and the Company are unable to agree as to any question of price or any other matter involving their mutual judgment as above set forth, then such question or questions shall be submitted to arbitration, as provided in Section 14 of the Contract.

14. ELECTROLYSIS:

Reasonable provision shall be made and maintained by the Company to protect the pipes, conduits and other property in the streets or other public places, belonging to the City or to any other public utility or any abutting property owners or occupants, from electrolysis caused by current or currents of electricity of the Company.

15. STANDARD OF PERFORMANCE, TESTS AND PENALTIES:

The voltage and amperage supplied to each lamp shall be such as to maintain the lamps according to the standard requirements of the manufacturers.

Each lighting circuit shall be equipped with a testing loop, at such place and in such manner as the Board and the Company shall jointly determine, in order that the Board may at any time make tests as to fluctuations of the current supplied. The Board or its representative shall, at all times, have access to the testing loop and to the stations or other places on the Company's property where the Board may desire to make inspections or tests. In case of a dispute between the Board and the Company as to the accuracy of any meter or other instrument used in making tests or measurements of the Company's service, said instrument may be tested either in the City's laboratory, in the presence of a representative of the Company, or in the Company's laboratory, in the presence of a representative of the City, at the option of the Board, or the Board and the Company may agree to have such instruments tested by an outside laboratory of recognized standing.

The City shall indemnify and hold the Company harmless from all injuries and damages to persons or property by reason of said inspections or tests, except for such injuries or damages as may be caused by the negligence of the Company.

Whenever tests made by the Board show that the amperes upon any lamp circuits have been more than five per cent (5%) below the standard for those circuits for an unbroken period of one half hour in any night, as evidenced by the readings of graphic recording ammeters or other devices, then and in that event the Company shall deduct from its bill a sum equal to five cents (5c) per night for each lamp on those circuits tested of 2,500 lumens and smaller and ten

cents (10c) per night for each lamp on those circuits tested of larger than 2,500 lumens.

The following morning, the Board shall report to the Company the results of any tests showing deficiencies. The Company shall be permitted to examine and inspect the charts of the meters used in such tests.

The deductions to be made for low amperage or voltage, under the provisions of this section, are not to be treated as a penalty but as liquidated damages for failure to perform the contract.

16. VOLTAGE AND CHARACTER OF SERVICE:

The Company shall specify the voltage and character of the electric service to be supplied, and it may, at any time thereafter, change the characteristics of the service if it deems such change necessary to safeguard a regular and uninterrupted supply of electricity or to better the conduct of its business. It is agreed, however, that the Company will give the City reasonable written notice of such contemplated change, and that the City will adapt its apparatus accordingly.

17. TAXES AND ASSESSMENTS:

Any extra expense incurred by the Company in the performance of the contract, due to any future laws or ordinances, or due to any existing or future special tax or sales tax levied on the Company by the United States Government, State of Indiana, or any division thereof, for service rendered under the contract, shall be assumed by the City, providing such assumption is not contrary to law; and any reduction in expense which may effect the Company in the performance of the contract by reason of any of the conditions as stated above shall be credited to the City under this contract.

18. POLES, POLE LINE HARDWARE:

The present installation of all wood poles from which lamps are suspended conform to the standard specifications of the American Standards Association; and all future installations or replacements of wood poles from which lamps are suspended shall conform to the standard specifications of said Association.

All pole line hardware now installed and maintained in present installation is of standard and approved materials and all future installations or replacements of said pole line hardware shall be of standard and approved materials.

19. PERFORMANCE BOND:

The Company, at the time of signing the contract, will furnish a bond in the sum of One Hundred Thousand Dollars (\$100,000) with surety to the approval and satisfaction of the Board, conditioned that the Company shall perform the contract according to the terms thereof and according to these specifications. Said bond shall extend for the full term of the contract, but the Company shall furnish and deliver a new bond whenever the surety or sureties on the bond then existing shall be deemed by the Board to be insufficient and unsatisfactory.

Eighty-Seven Dollars (\$87.00) net per year of 4031:5 burning hours.

II. Two lamp ornamental standard including two (2) 6,000 lumen incandescent lamps with necessary fixtures and glassware and supplied from underground circuits:

Sixty-Six Dollars and Fifty Cents (\$66.50) net per year of 4031:05 burning hours.

III. Single lamp ornamental standard, 15 ft. in height, including one (1) 10,000 lumen incandescent lamp with necessary fixtures and glassware and supplied from underground circuits:

Fifty-Three Dollars and Fifty Cents (\$53.50) net per year of 4031:05 burning hours.

IV. Single lamp ornamental standard, 15 ft. in height, including one (1) 6,000 lumen incandescent lamp with necessary fixtures and glassware and supplied from underground circuits:

Forty Dollars and Fifty Cents (\$40.50) net per year of 4031:05 burning hours.

V. Single lamp ornamental standard, 12 ft. in height, including one (1) 6,000 lumen incandescent lamp with necessary fixtures and glassware and supplied from underground circuits:

Thirty-Six Dollars and Fifty Cents (\$36.50) net per year of 4031:05 burning hours.

VI. Single lamp ornamental standard, 12 ft. in height, including one (1) 4,000 lumen incandescent lamp with necessary fixtures and glassware and supplied from underground circuits:

Thirty Dollars and Fifty Cents (\$30.50) net per year of 4031:05 burning hours.

VII. Single lamp ornamental standard, 10 ft. in height, including one (1) 2,500 lumen incandescent lamp with necessary fixtures and glassware and supplied from underground circuits:

Twenty-Five Dollars (\$25.00) net per year of 4031:05 burning hours.

VIII. Single lamp ornamental standard, 10 ft. in height, including one (1) 1,500 lumen incandescent lamp with necessary fixtures and glassware and supplied from underground circuits;

Nineteen Dollars and Fifty Cents (\$19.50) net per year of 4031:05 burning hours.

IX. Single 15,000 lumen incandescent lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

Ninety-One Dollars and Fifty Cents (\$91.50) net per year of 4031:05 burning hours.

X. Single 10,000 lumen incandescent lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

Sixty-Six Dollars (\$66.00) net per year of 4031:05 burning hours.

XI. Single 6,000 lumen incandescent lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

Forty-Five Dollars (\$45.00) net per year of 4031:05 burning hours.

XII. Single 2,500 lumen incandescent lamp with necessary fixtures suspended from wood poles and supplied from overhead circuits.

Twenty-Two Dollars (\$22.00) net per year of 4031:05 burning hours.

XIII. Single 15,000 lumen incandescent lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

One Hundred and One Dollars (\$101.00) net per year of 4031:05 burning hours.

XIV. Single 10,000 lumen incandescent lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

Eighty-Three Dollars and Fifty Cents (\$83.50) net per year of 4031:05 burning hours.

XV. Single 6,000 lumen incandescent lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

Sixty-Two Dollars and Fifty Cents (\$62.50) net per year of 4031:05 burning hours.

XVI. Single 4,000 lumen incandescent lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

Fifty-Three Dollars and Fifty Cents (\$53.50) net per year of 4031:05 burning hours.

XVII. Single 400 Watt Mercury Vapor Lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

Ninety Dollars (\$90.00) net per year of 4031:05 burning hours.

XVIII. Single 400 Watt Mercury Vapor lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

One Hundred Dollars (\$100.00) net per year of 4031:05 burning hours.

XIX. Special 157 Watt fluorescent underpass fixture supplied from distribution circuits and burning continuously:

Seventy-Three Dollars and Fifty Cents (\$73.50) net per year of 8760 burning hours.

XX. Special 157 Watt fluorescent underpass fixture supplied from distribution circuits:

Fifty-Five Dollars (\$55.00) net per year of 4031:05 burning hours.

XXI. Single lamp ornamental standard, 10½ feet or less in height, including one (1) 4,000 lumen incandescent lamp with necessary fixtures and glassware and supplied from underground circuits:

Forty Dollars (\$40.00) net per year of 4031:05 burning hours.

XXII. Single lamp ornamental standard, 10½ feet or less in height, including one (1) 200 Watt multiple incandescent lamp (approximately 4,000 lumens) with necessary fixtures and glassware supplied from underground circuits and burning continuously:

Sixty-Six Dollars (\$66.00) net per year of 8760 burning hours.

XXIII. Single 10,000 lumen Sodium Vapor lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

Sixty-Nine Dollars and Fifty Cents (\$69.50) net per year of 4031:05 burning hours.

XXIV. Single 10,000 lumen Sodium Vapor lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

Fifty-Five Dollars (\$55.00) net per year of 4031:05 burning hours.

XXV. Single 100 Watt multiple incandescent lamp with necessary fixtures and glassware, attached to piers, elevations or abutments and supplied from distribution circuits:

Twenty-One Dollars (\$21.00) net per year of 4031:05 burning hours.

XXVI. Single 6,000 lumen incandescent Safety Zone lights owned by City. All costs of maintenance and breakage to be paid by City. Patrolling and maintenance to be done by Company:

Thirty-Four Dollars and Fifty Cents (\$34.50) net per year of 4031:05 burning hours.

XXVII. All prices quoted below (covering service supplied to lighting standards or poles from underground circuits) are based on the supplying of one hundred (100) feet of connecting cable per such standard or pole. For any increase or decrease in the total average length of connecting cable supplied above or below an average of one hundred (100) feet per standard or pole there shall be an additional charge or a credit of:

Six Cents (\$.06) net per foot per year of such excess or deficiency.

PRICES FOR FURNISHING, ERECTING, OPERATING
AND MAINTAINING LAMPS INSTALLED AFTER

OCTOBER 10, 1954.

XXVIII. Single 15,000 lumen incandescent lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

One Hundred Three Dollars (\$103.00) net per year of 4031:05 burning hours.

XXIX. Single 10,000 lumen incandescent lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

Eighty-Eight Dollars (\$88.00) net per year of 4031:05 burning hours.

XXX. Single 6,000 lumen incandescent lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

Fifty-Two Dollars and Fifty Cents (\$52.50) net per year of 4031:05 burning hours.

XXXI. Single 15,000 lumen incandescent lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

One Hundred Twenty-Three Dollars \$(123.00) net per year of 4031:05 burning hours.

XXXII. Single 10,000 lumen incandescent lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

One Hundred Eight Dollars (\$108.00) net per year of 4031:05 burning hours.

XXXIII. Single 6,000 lumen incandescent lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

Seventy-Eight Dollars (\$78.00) net per year of 4031:05 burning hours.

XXXIV. Single 400 Watt Mercury Vapor lamp with necessary fixtures and glassware suspended from wood poles and supplied from overhead circuits:

Ninety-Seven Dollars (\$97.00) net per year of 4031:05 burning hours.

XXXV. Single 400 Watt Mercury Vapor lamp with necessary fixtures and glassware supported by a metal pole and supplied from underground circuits:

One Hundred Seventeen Dollars (\$117.00) net per year of 4031:05 burning hours.

XXXVI. Special 157 Watt fluorescent underpass fixtures supplied from distribution circuits and burning continuously:

Seventy-Eight Dollars and Fifty Cents (\$78.50) net per year of 8760 hours.

XXXVII. Special 157 Watt fluorescent underpass fixture supplied from distribution circuits:

Fifty-Seven Dollars and Fifty Cents (\$57.50) net per year of 4031:05 burning hours.

XXXVIII. Single 10,000 lumen Sodium Vapor lamp with necessary fixtures and glassware and supported by a metal pole and supplied from underground circuits:

Eighty-Nine Dollars (\$89.00) net per year of 4031.05 burning hours.

XXXIX. Single 10,000 lumen Sodium Vapor lamp with necessary fixtures and glassware and suspended from wood poles and supplied from overhead circuits:

Seventy Dollars and Fifty Cents (\$70.50) net per year of 4031:05 burning hours.

XL. Single 200 Watt multiple incandescent lamp with necessary fixtures and glassware attached to piers, elevations or abutments and fed from distribution circuits:

Forty Dollars and Fifty Cents (\$40.50) net per year of 4031:05 burning hours.

XLI. All prices quoted above (covering service supplied to lighting standards or poles from underground circuits) are based on the supplying of one hundred (100) feet of connecting cable per such standard or pole. For any increase or decrease in the total average length of connecting cable supplied above or below an average of one hundred (100) feet per standard or pole, there shall be an additional charge or a credit of:

Fourteen cents (\$.14) net per foot per year of such excess or deficiency.

PRICES FOR ALL OTHER ELECTRICAL ENERGY
SUPPLIED OR TO BE SUPPLIED UNDER THE
CONTRACT AND NOT COVERED UNDER THE
ABOVE PRICES.

XLII. The prices for electrical energy furnished to subway lights, bridge lights, traffic lights or other special street lighting equipment, now or hereafter owned, installed and maintained by the City and not included in prices quoted above, the kilowatt hours for which may be obtained from meter readings or estimated from manufacturer's guaranteed rating and hours of use, and for metered electrical energy for light and/or power in public buildings, structures and grounds around the same, and for any other public places, including municipal airport and police radio, except for standby or emergency service.

RATE (per each meter used).

Any part of the first 500 KWH per mo. \$.0275 net per KWH.

Any part of the next 500 KWH per mo. \$.02 net per KWH.

Any part of the next 4000 KWH per mo. \$.016 net per KWH.

All in excess of 5000 KWH per mo. \$.014 net per KWH.

MINIMUM CHARGE (per each meter used)

Fifty Cents (\$.50) net per month per kilowatt of rated capacity or major fraction thereof connected but provided that the net monthly payment shall be not less than Seventy-Five Cents (\$.75) net for single phase installations or less than \$2.00 net for three phase installations.

XLIII. Optional flat rate unmetered service for the supply of energy only, 24 hours per day or less at the option of the City, for traffic signals and/or safety lighting fixtures. All equipment including fixtures, supporting structures and electrical apparatus that is beyond the point of supply to be owned, operated and maintained by the City.

Twenty-Five Cents (\$.25) per year per watt burning, based upon the average of the watts burning throughout the operating cycle of the fixture under consideration and with the further condition that for billing purposes no lamp will be considered as having a rating less than 60 watts.

Minimum bill \$15.00 per year for each fixture.

XLIV. STANDBY, EMERGENCY OR AUXILIARY SERVICE.

Standby, Emergency or Auxiliary Service will not be supplied under the prices stated above, but will be supplied in accordance with Company's rates C and/or D which are on file with the Public Service Commission of Indiana and are by reference made a part hereof.

XLV. SUBJECT TO PUBLIC SERVICE COMMISSION OF INDIANA.

It is hereby specified that if, during the proposed contract term, the Public Service Commission of Indiana changes the above rates, then the substituted, amended or revised rates shall apply instead of the rates set out above.

Which was read for the first time and referred to the Committee on Finance.

By Councilman Radel:

GENERAL ORDINANCE NO. 102, 1954

AN ORDINANCE establishing a certain passenger and/or loading zone in the City of Indianapolis, pursuant to the provisions of Section 26 of General Ordinance No. 96, 1928, as amended; and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That for the purpose of providing the owners or occupants of certain premises fronting on certain public streets in the City of Indianapolis with ingress and egress for passengers, materials and merchandise coming to or going from such premises, such owners or occupants having complied with the provisions of Section 26 of General Ordinance No. 96, 1928, as amended, and the Board of Public Safety, after due investigation, having recommended the establishment of the same, the following passenger and/or loading zone be and the same is hereby established in the City of Indianaoplis, to wit:

- (a) A loading zone beginning at a point on the South curb line of Merrill Street forty-five (45) feet West of the West curb line

of Illinois Street and continuing West for a distance of twenty-five (25) feet, for the use and occupancy of H. and H. Bookbinding Company, 602 South Illinois Street.

Section 2. That said loading zone is hereby declared to be subject to all existing traffic and parking regulations and to any later ordinances and regulations as may be applicable.

Section 3. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor, and compliance with all laws pertaining thereto.

Which was read for the first time and referred to the Committee on Public Safety.

By Councilman Brown:

GENERAL ORDINANCE NO. 103, 1954

AN ORDINANCE to amend the Municipal Code of Indianapolis, 1951, as adopted by General Ordinance No. 140, 1951, and more particularly Title 4, Chapter 6, Section 4-602, by repealing sub-section 23 thereof, making Henry Street a one-way street between Alabama Street and New Jersey Street, and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL
OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That Title 4, Chapter 6, Section 4-602 of the Municipal Code of Indianapolis, 1951, be amended as follows, to wit:
By the repeal of sub-section 23 thereof, as follows:

Street	From	To	Direction Traffic Shall Move
23. Henry St.	Alabama St.	New Jersey St.	East

Section 2. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor, and compliance with all laws pertaining thereto.

Which was read for the first time and referred to the Committee on Public Safety.

By Councilman Brown:

GENERAL ORDINANCE NO. 104, 1954

AN ORDINANCE to amend the Municipal Code of Indianapolis, 1951, as amended, as adopted by General Ordinance No. 140, 1951, and more particularly Title 4, Chapter 6, Section 4-602, thereof, by making St. Patrick Street a one-way street between certain designated points, and by amending sub-section 45 thereof by making Prospect Street a one-way street, between certain designated points, subject to the penalties provided and fixing a time when the said amendment shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That Title 4, Chapter 6, Section 4-602 of the Municipal Code of Indianapolis, 1951, be and hereby is amended as follows, to wit:

By the addition of sub-section 79, as follows, to wit:

	Street	From	To	Direction Traffic Shall Move
79.	St. Patrick St.	Morris St.	Prospect St.	North

Section 2. That Title 4, Chapter 6, Section 4-602 of the Municipal Code of Indianapolis, 1951, be and hereby is amended as follows, to wit:

By amending sub-section 45 thereof, as follows:

	Street	From	To	Direction Traffic Shall Move
45.	Prospect St.	St. Patrick St.	Intersection of Prospect St. with Morris St. W. of Madison Ave.	West

all subject to the penalties as provided in Title 4, Chapter 8, Section 4-831 of the Municipal Code of Indianapolis, 1951.

Section 3. This ordinance shall be in full force and effect from and after its passage, approval by the Mayor, and compliance with all laws pertaining thereto.

Which was read for the first time and referred to the Committee on Public Safety.

By Councilman Radel:

GENERAL ORDINANCE NO. 105, 1954

AN ORDINANCE authorizing the Department of Public Works to purchase, through its duly authorized purchasing agent, certain equipment to be paid for out of funds heretofore appropriated, and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL
OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That the Department of Public Works of the City of Indianapolis be and it is hereby authorized and empowered to purchase, through its duly authorized purchasing agent, the following equipment to be used by said Department as indicated. The said equipment is to be purchased from the lowest and best bidder, or bidders, whose bids have been received and opened in public by said Department after advertisement therefor, as provided by law, and the total cost of said equipment shall not exceed the sum of money heretofore appropriated for use of said Department:

DEPARTMENT OF PUBLIC WORKS

ADMINISTRATION
