REPORTS FROM CITY OFFICERS.

The City Civil Engineer submitted the following report :

Indianapolis, November 13, 1876.

To the Mayor and Common Council of the City of Indianapolis :

Gentlemen :—I hereby report the following estimate for work done :

A first and final estimate allowed John F. Brademeier for grading and

graveling the first alley north of North street, between Massachusetts avenue and Liberty street—

529.3 lineal feet at 13 cents.....\$68 80

Respectfully submitted,

BERNHARD H. DIETZ,

City Civil Engineer.

Which was concurred in.

Also, the following estimate resolution :

Resolved, That the foregoing first and final estimate allowed John F. Brade-meier for grading and graveling the first alley north of North street, between Massachusetts avenue and Liberty street, be, and the same is, hereby adopted as the estimate of this Council, and that the property owners are hereby required to pay the sums set opposite their respective names.

Affirmative—Councilmen Adams, Bugbee, Byram, Case, Craft, Izor, Kenzel, McGinty, Schmidt, Stratford, Thomas, Webster, Wright, Arthur L., and Wright, William G.—14.

Negative—None.

Also, the following report :

Indianapolis, November 13, 1876.

To the Mayor and Common Council of the City of Indianapolis :

Gentlemen :—I was directed to examine and devise means for drawing off the surface water that stands in the gutters at the crossing of Davidson and North streets. I have examined the point referred to, and would recommend that the Street Commissioner be instructed to clean the east gutter on Davidson street, between St. Clair and Ohio streets, and put in culverts at the street crossings where needed along the east side of said street.

SECOND.

I was directed to report whether the drainage pipe under the J. M. & I. R. R. tracks, on Madison avenue, is sufficient to carry off the water. The Street Commissioner has washed out the pipes, and if 40 or 50 loads of gravel are put on the street at that point, in order to raise the street and force the water

nto the gutters, I think the pipe will prove sufficiently large to carry off the water.

Respectfully submitted,

BERNHARD H. DIETZ,

City Civil Engineer.

Which was concurred in.

Indianapolis, November 13, 1876.

To the Mayor and Common Council of the City of Indianapolis :

Gentlemen :—We, the undersigned, property owners residing on the line of the first alley east of Wright street, from Dougherty street to the first alley south of Coburn street, respectfully remonstrate against the passage of an ordinance for improving the same, for the reason that some of the owners are not able to pay for the improvement and support their families during the winter.

Davis Milner, 110 feet ; Thomas Cottrell, 110 feet ;
John Curran, 110 feet.

Gentlemen :—It will be noticed that my name appears on a petition to improve said alley, which was, I presume, presented to the Council sometime early in the fall. I now remonstrate against the same for the following reasons :

First. That the contemplated improvement at this time, crossing, as it does, the alley running east and west, which, for several squares, is not graded and graveled, would only fill up one mud-hole by making two more a great deal worse on the alley not improved.

Second. To undertake the improvement of both alleys so late in the season, and in view of bad weather, would be too much of a job for contractors to complete in time, and for the property holders, who have to foot the bills. It will not do to improve one without the other, and both cannot be paid for by us this winter.

Respectfully,

DAVIS MILNER.

Which, with the petition and ordinance, was referred to the Committee on Streets and Alleys.

Mr. Thalman offered the following motion :

Moved, That the City Marshal be directed to now carry out the order passed by this Council in April or May last, to open the street in West Indianapolis and Indianola, where the same have been obstructed by property owners adjoining fencing them in.

Which was adopted.

Also, the following petition :

Indianapolis, November 6, 1876.

To the Mayor and Common Council of the City of Indianapolis:

Gentlemen :—Your petitioner would represent that in the year 1873, I purchased, at a tax sale, lot 104 in Alvord's sub-division of Butler & Fletcher's addition, which was owned by the Trustees of the Evangelical Association of North America. The parties, who are trustees of a church, claim exemption, which exemption is legal, and I therefore petition your honorable body to refund to me eleven dollars.

ISAIAH WEBB.

Mr. Adams, from Committee on Judiciary, submitted the following report :

Indianapolis, October 16, 1876.

To the Mayor and Common Council of the City of Indianapolis :

Gentlemen :—Your committee, to whom was referred the petition of Thomas Wren, asking the city to pay him certain damages sustained by him by reason of his having been unable to obtain a final estimate upon work done by him in grading and graveling South Tennessee street, between Garden and McCarty streets, would report that we have investigated the matter, and find that Mr. Wren had a contract in 1866 for grading and graveling said street, and before he obtained the final estimate upon the work the flood of 1866 came, and caused the overflow of Pogues Run, and washed out a large amount of the work done by Mr. Wren ; that the city under his contract retained out of the amounts due him the sum of \$506.61, to pay laborers, etc.

Your committee are of the opinion that the city is not liable for the damages sustained by Mr. Wren, but that the city ought to pay him the sum of \$506.61, with interest at six per cent. from the date when the same was due him. We would therefore recommend that Mr. Wren be paid the said sum of \$506.61, and interest from the date when the same became due, and that the Committee on Accounts and Claims be instructed to provide for the same in the next appropriation ordinance.

Respectfully submitted,

J. C. ADAMS.

D. M. RANSDELL.

Committee on Judiciary.

R. O. HAWKINS,

City Attorney.

Which was concurred in.

Also, the following report :

To the Mayor and Common Council of the City of Indianapolis :

Gentlemen:—Your Committee on Judiciary, to whom was referred back the petition of John M. Judah, Treasurer of the North Western Christian University, and the report made to this Council upon the same, would report as follows:

Upon the action of the Council, referring the question of the exemption of the property of the University from taxation, your committee thoroughly examined the question, and find the property above mentioned is exempted from assessment by reason of a special act of the legislature, providing for the incorporation of the North Western Christian University. We would therefore recommend that the City Assessor be directed to correct the assessment of the above University, as made in a former report.

Respectfully submitted,

J. C. ADAMS,

D. M. RANSDELL,
