OLD BUSINESS

Mr. Williamson reported on a survey appropriation ordinance of \$3500.00 which is being held for further study by the Common Council. Mr. Williamson suggested that before any action is taken on the above ordinance the Council might investigate the possibilities of conducting this survey by persons with more practical knowledge of working operations of the Police Department. He also suggested that the Council might consult with other Metropolitan Cities that have this program in operation, as to the effectiveness of such a survey. He stated too, the importance of planning for progressiveness in this survey, and not merely outlining and programming.
