By Councilman Williamson:

SPECIAL ORDINANCE NO. 8, 1960

AN ORDINANCE annexing certain contiguous territory to the City of Indianapolis, and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL
OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That the City of Indianapolis, Indiana, be and the same is hereby extended so as to include the following described territory which is hereby annexed to and made a part of the territory constituting the City of Indianapolis, Indiana, and described as follows, to-wit:

Beginning at the point of intersection of the south right-of-way line of Prospect Street and the center line of Emerson Avenue, said center line being also the east line of Center Township, in Marion County, Indiana; thence south along said center line of Emerson Avenue to the northeast corporation line of the City of Beech Grove; thence southeasterly along said corporation line and said line extended to the center line of Cincinnati Street; thence southeasterly to the intersection of the south right-of-way line of Cincinnati Street and the southwesterly right-of-way line of Big Four Road; thence southeasterly along said right-of-way line of Big Four Road to the east right-of-way line of Arlington Avenue; thence north along the east right-of-way line of Arlington Avenue to the south right-of-way line of Prospect Street; thence west along the south right-of-way line of

Prospect Street and the present corporation line of the City of Indianapolis to the place of beginning.

Section 2. The Council finds that:

(1) The annexation of the territory included in this ordinance is in the best interests of the City and of the territory sought to be annexed. The population of the City of Indianapolis is expanding and the corporate limits of Indianapolis are very irregular and should be made more uniform. The area involved in this annexation is a logical area for the expansion, improvement and orderly development of the City of Indianapolis and the balancing of its Southeastern boundaries.

(2) The area closely contiguous and adjacent to the City of Indianapolis is urban in character and is an economic and social part of the City of Indianapolis and its development will foster and encourage the growth and prosperity of the City in a Southeasterly direction.

(3) This Common Council has determined that the terms and conditions of the annexation are fair and just to both the City and the area to be annexed, for as hereinafter provided, municipal taxes shall be funded for the benefit of the annexed area and used for such area only, for the first three years it becomes a part of said City.

(4) The City of Indianapolis is financially able to provide municipal services now to the area to be annexed and will be additionally able upon payment of the first installment of municipal taxes levied and collected from said area.

(5) The Council finds that while not all of the area herein involved is presently fully developed, it is now within an area containing some of the main thoroughfares in the Southeastern part of the City of Indianapolis, namely: Prospect Street, Minnesota Street, Raymond Street, Southern Avenue and Troy Avenue, said streets being major East and West arteries of traffic. Likewise it lies within the area of major North and South thoroughfares of the City of Indianapolis, namely: Emerson, Ritter and Arlington Avenues. Further, the Council finds the area to be so located that the extension of city traffic arteries therein, and the location of State, Federal and Interstate Highways in the area soon to occur will make the location urban in nature within a decade, so that it is now needed for present development to meet such immediate future use.

(6) The Council finds that the lines of annexation are so drawn as to form a compact area abutting the City of Indianapolis; that it works out a geometrically symmetrical Southeastern boundary for the City of Indianapolis.

Section 3. To bring about the development and improvement of such annexed area there will be impounded in a special fund all the Indianapolis property tax of the City of Indianapolis which shall be imposed upon the annexed territory for three years after the effective date of this annexation. Said funds shall constitute a special fund created under this ordinance and such impounded tax in said fund shall be used solely for the benefit of the annexed territory, and for the extension of municipal services. Said fund shall also be used to pay the City's portion of general benefits assessed in the making of local public improvements in the annexed territory. Said Common Council will also recommend to the Board of School Commissioners of the City of Indianapolis that the taxes for the School City of Indianapolis, collected in such area, be likewise so impounded and used for school purposes in said area.

Said Common Council (as soon as possible) after the effective date of the annexation of such territory will hold a public hearing with reference to the needs of the area at which hearing it will notify the various Boards and department heads of the City to hear the needs of the area and to adopt a planned program for the improvement thereof.

Section 4. This Ordinance shall be in full force and effect from and after its passage, approval by the Mayor, and publication according to law.

Which was read for the first time and referred to the Committee on Finance.
