And the Mayor of the City of Indianapolis, Indiana joins with Common Council in the above and foregoing Special Resolution.

JOHN J. BARTON, Mayor  
City of Indianapolis

The motion was seconded by Mr. Kuykendall and passed unanimously on voice vote.

Mr. Brydenthal introduced Special Resolution No. 12 on Inter-Loop Highway and moved for its adoption.

Mr. McGill seconded the motion.

## SPECIAL RESOLUTION NO. 12, 1965

RELOCATION & REDESIGN OF INNER-LOOP AND PART OF  
INTERSTATE I-65

WHEREAS, there has been considerable discussion and controversy concerning the proposed design and route of the so-called North West portion of Interstate Highway I-65 and of the inner-city loop; and

WHEREAS, various alternatives to the location and design proposed by the State Highway Department have been submitted by civic groups and most recently a group of citizens has offered a modified plan which represents the consensus of the persons and organizations opposed to the plan sponsored by the State Highway Department; and

WHEREAS, it is of the utmost importance to adopt and implement a plan which will be in the best interests of the citizens of the City of Indianapolis and will contribute to, and enhance the long-range beauty of the City and the well-being of the general community; and

WHEREAS, President Johnson has formulated a national policy for creating urban beauty, retaining the natural beauty of the Nation, and developing a more beautiful America and has stated that in implementing this task, the Federal Government must have the enthusiasm, concern and cooperation of every level of government — state, county, city and precinct; and

WHEREAS, Congressman Andrew Jacobs, Jr., endorsing the President's position, has pointed out that decisions made now with respect to location and design of Indianapolis inner-city highways will determine whether succeeding generations will remember us with gratitude or sorrow, and

WHEREAS, the experience of other cities, such as Philadelphia and Pittsburgh, has indicated that the Federal Government will cooperate fully in the location and design of highways in a manner which will preserve the natural beauty of the terrain of the particular city and has further indicated that the Federal Government will assist in meeting any additional cost caused by construction of expressways below street level, rather than elevated highways built on earth embankments or stilts, and that such cost is offset

in full measure by the lasting aesthetic and economic advantages gained thereby; and

WHEREAS, it is clear from the statements of federal highway officials who participated in the recent White House Conference on natural beauty and from the statement of other experts that the whole concept of highway construction through urban areas has been radically modified in the last few years; and

WHEREAS, depressed design for the inner-city loop and the North West leg of I-65 was recommended by H. W. Lochner Co., consultants to the Indiana State Highway Department, as early as 1957 and that, therefore, the State Highway Department already has available to it information, studies and data showing the feasibility of depressed design for the inner-city loop and the North West leg of proposed I-65; and

WHEREAS, the re-location and depressed design as proposed in the modified plan referred to above will greatly benefit the people, the City and the persons who will use the highway and will save major existing recreational areas; and

WHEREAS, the re-location of I-65 as proposed in the modified plan referred to above will result in substantial savings to the taxpayers of the City of Indianapolis and the State of Indiana; and

WHEREAS, this common council has the obligation to make appropriations for inter-connecting streets and thoroughfares which will cost the taxpayers of Indianapolis in excess of 20 million dollars and is, therefore, obligated to speak out strongly and forthrightly on this matter, and

WHEREAS, the change in design and location of I-65 and the inner-city loop can be accomplished within the time prescribed by the applicable laws, rules and regulations; and

WHEREAS, this Common Council believes it imperative that an official stand be taken by representatives of the citizens of the City of Indianapolis with respect to this matter:

NOW, THEREFORE, BE IT RESOLVED that the Common Council of the City of Indianapolis hereby approves and commends the

modified plan for the location and design of the North West portion of I-65 as it enters the City of Indianapolis, and the depressed design for the inner-city loop, all as set forth in a memorandum dated September 20, 1965, and hereby officially asks the Mayor of the City of Indianapolis, the Governor of the State of Indiana, and the Indiana State Highway Department and all other state, county, municipal and local officials to lend their efforts to bring about the adoption of the modified plan in order that the physical attractiveness of the City be retained and enhanced, displacement of numerous families be avoided and substantial savings be effected on behalf of the State, County and City.

Mr. Deluse moved the Resolution be tabled until the next meeting December 6th, 1965. Mr. Egenes seconded the motion of Mr. Deluse.

The motion to table until December 6th, 1965 passed on following roll call:

Ayes 6, viz: Rev. Cummings, Mr. Deluse, Mr. Egenes, Mr. Hasbrook, Mr. Moriarty and President Wallace.

Noes 3, viz: Mr. Brydenthal, Mr. Kuykendall and Mr. McGill.

President Wallace asked Reverend Cummings to introduce some guests.

Reverend Cummings introduced Arthur Carter, Byron Mumford and Woodrow Myers all students at local High Schools.

Upon motion of Mr. Kuykendall, seconded by Mr. McGill the Council adjourned at 8:55 P.M. by unanimous voice vote.

We hereby certify that the above is a full and true and complete record of the proceedings of the Common Council of the City of Indianapolis held on the 15th day of November, 1965 at 7:30 P.M.

In Witness Whereof, we have hereunto subscribed our signatures and caused the seal of the City of Indianapolis to be affixed.
