Indianapolis, April 8, 1889.

Gentlemen:—I would respectfully report to your honorable bodies that I have appointed W. F. Jones and C. E. Lodgsdon to fill vacancies now existing in the Fire Department, asking your approval of the same.

I am respectfully,
FRANK L. DOUGHERTY, Chief Fire Engineer.

Which report was received, and the appointments approved.

The Committee on Public Light, through Councilman Trusler, submitted the following report; which was read and received :

To the Mayor and Common Council:

Gentlemen:—Your Committee on Public Light, to whom was referred G. O.'s Nos. 10 and 12, 1889, would respectfully submit, that G. O. No. 44, 1888, was passed by the Common Council and Board of Aldermen in deference to public opinion, which appeared and still appears to demand the putting of wires under ground. We regard the field for incandescent lighting in this city as a valuable one, and believe that if the Common Council will adhere to the terms of the ordinance, that within a short time we will have an under-ground incandescent plant. We think that no company should have special privileges, and therefore recommend the passage of G. O. 10, 1889. We recommend that G. O. 12, 1889, be not passed.

We would further recommend that the special privileges now enjoyed by the Brush Electric Light Company, in the matter of Commercial arc lighting, be revoked, by an amendment to G. O. 44, 1888.

Respectfully submitted,

P. C. Trusler,
Thomas Markey,
J. C. Finch,
Committee on Public Light."

The City Attorney submitted the following report; which was received:

To the Mayor, Common Council and Board of Aldermen:

Gentlemen:—Since the last meeting of the Council, the case of Catharine A. Miller vs. The City et al., has been tried in the Hendricks Circuit Court, and judgment rendered in favor of the city. Two trials have been had, in the first of which the jury disagreed, and the second resulted in a judgment in favor of the city.

This action was brought by Mrs Miller to enjoin the city from improving Miami street, a street sixty (60) feet wide and about ten hundred 1,000 feet long, extending through the Davidson's Third Addition to the city. Plaintiff claimed title to the street, and will, doubtless, go to the Supreme Court with the case; so that nothing, at present, can be done towards improving the street.

Respectfully submitted, Wm. L TAYLOR, City Attorney.

His Honor, the Mayor, submitted the following report; which was received:
