Mr. Harry R. Wallace, City Controller, City:

DEAR SIR: No provision has been made by statute for indexing the proceedings of the Common Council. The State Board of Accounts has decided that the Common Council has authority to make an appropriation to cover the cost of having a suitable index made as a public necessity exists for same and the further fact that accumulation of council proceedings during each year render their use by the several executive departments and other public officers almost impossible without an index. As the present administration comes to an end at the end of the present fiscal year it is necessary to start this work in a short time in order to have it completed by the end of the year.

You are therefore requested to recommend an appropriation of Three Hundred (\$300.00) Dollars to the Common Council for a fund for "Indexing Council Proceedings of 1913."
