The City Attorney submitted the following report:

Indianapolis, Dec. 1, 1884.

To the Mayor, Common Council and Board of Aldermen:

Gentlemen:—The judgment of the Special Term of the Superior Court, in the case of John H. Vajen vs. The City, concerning which I made an extended report on

May 5th, was this day affirmed by the General Term. No grounds were stated by the court in support of the decision. I recommend an appeal to the Supreme Court, for the reasons given in my former report.

In accordance with the decision of the last Supreme Court, which is fully reported on page 614 of the current years' Proceedings, the Superior Court has entered a decree requiring the City Civil Engineer to measure the work done by Thomas Wren on south Tennessee street, and report his estimate thereof to the Council for final action; and your honorable bodies are directed to formally order said Engineer to do the work. In order to comply with the order of the court, I hand to the Chairman of the Committee on Streets and Alleys a resolution meeting the case, which I recommend be adopted at once.

Respectfully submitted,

C. S. DENNY, City Attorney.

On motion, the first clause was approved, and as to the second clause, the following resolution was read:

Resolved, In compliance with the decree of the Superior Court of Marion County, Indiana, this day entered in the case of Thomas Wren vs. The City of Indianapolis et. al, that the City Civil Engineer be, and he is hereby, ordered to proceed to make a measurement of the work done by said Wren under an ordinance of said city, entitled "An ordinance to provide for the grading and graveling of Tennessee street and sidewalks, between Garden and McCarty streets," ordained June 28th, 1865, and after deducting the estimates heretofore allowed on said work, to report to this Council and Board of Aldermen a full and final estimate of said work, for approval and allowance.

And it was adopted by the following vote:

AYES, 14—viz. Councilmen Benjamin, Curry, Haugh, Mack, Moran, McClelland, Newcomb, Reinecke, Reynolds, Smither, Spahr, Trusler, Wharton, and Wolf.

NAYS—None.

Councilman Spahr offered the following resolution:

WHEREAS, There has been long continued litigation as to the work done by Thomas Wren, on south Tennessee street, in this city, and inasmuch as the work has been done several years ago; and *whereas*, the said Wren desires that he be allowed to employ an Engineer at his own expense to be present with the City Civil Engineer in making the measurement; therefore, be it

Resolved, That said Wren be permitted to employ and have an Engineer to accompany and be present with said City Civil Engineer while he is engaged in making said measurement.

Councilman Trusler, as a substitute, offered the following motion:

That the City Civil Engineer be requested to notify Thomas Wren of the time of making the estimate.

Councilman Haugh moved to lay the substitute on the table; which failed of adoption. The substitute was then adopted.

The Rental Agent submitted the following report; which was received:

REPORTS, ETC., FROM STANDING COMMITTEES.

The Committee on Accounts and Claims, through Councilman McClelland, submitted the following report :

To the Common Council:

Gentlemen:—Your Committee on Accounts and Claims, together with the City Attorney, to whom certain papers were referred, report thereon as follows:

1st. Is the claim of J. L. Spaulding, for \$42.43, on account of loss sustained by him in the improvement of Ninth (erroneously called Tenth) street. The mistake which prevented the contractor from enforcing his estimate, seems to have been wholly the fault of the city, and we think the *actual* loss to Mr. Spaulding ought to be refunded. We find this to be about \$32.00, and recommend the payment of that amount.

2d. Is the demand of Peter Zion for \$50.00, for alleged damages to his horse and buggy, in breaking through a bridge on Yeiser street. We have some doubts as to the city's liability; but find, after a careful investigation, that the damages do not exceed \$15.00, and would recommend the allowance of that amount on condition that it be received in full of all demands.

Respectfully submitted,

Robert McClelland,
P. M. Gallahue,
Wm. Curry,

Committee on Accounts and Claims.

C. S. DENNY, City Attorney.

Councilman Trusler moved to non-concur in the first clause of the report.

Which was laid on the table, on motion by Councilman Curry, by the following vote:

AYES, 10—viz. Councilmen Cowie, Curry, Edenharter, Mack, McClelland, Newcomb, Pearson, Reynolds, Thalman, and Wharton.

NAYS, 9—viz. Councilmen Benjamin, Doyle, Haugh, Moran, Reinecke, Smither, Spahr, Trusler, and Wolf.

Councilman Spahr moved to lay the first clause of the report on the table; which failed of adoption, by the following vote:

AYES, 8—viz. Councilmen Benjamin, Doyle, Haugh, Moran, Reinecke, Spahr, Trusler, and Wolf.

NAYS, 11—viz. Councilmen Cowie, Curry, Edenharter, Mack, McClelland, Newcomb, Pearson, Reynolds, Smither, Thalman, and Wharton.

On motion by Councilman Pearson, the first clause was concurred in by the following vote:

AYES, 11—viz. Councilmen Cowie, Curry, Edenharter, Mack, McClelland, Newcomb, Pearson, Reynolds, Smither, Thalman, and Wharton.

NAYS, 8—viz. Councilmen Benjamin, Doyle, Haugh, Moran, Reinecke, Spahr, Trusler, and Wolf.

On motion, the second clause of the report was then concurred in.

The Committee on Sewers and Drainage, through Councilman McClelland, submitted the following report; which was concurred in:

To the Mayor, Common Council and Board of Aldermen :

Gentlemen:—Your Committee, to whom was referred the motion to construct a sewer on St. Clair street, from Railroad street to Massachusetts avenue, would report that we have carefully examined the same, and find that said sewer, if constructed, (being only 12 inches in diameter), would afford no permanent relief to that portion of the city, which is inundated at almost every rain-fall; and as the construction of a sewer on Massachusetts avenue of sufficient diameter would afford the only means of carrying off the surplus water off of St. Clair street as well as other streets north and east of these, we would therefore, in anticipation of the early construction of said Massachusetts avenue sewer, recommend that the motion to construct the St. Clair street sewer be not adopted.

Respectfully submitted,

S. H. Cobb,
Thomas E. Endly,
Isaac King,
Robert McClelland,
W. C. Newcomb,
Wm. Curry,
Committee of Conference.

The Committee on Streets and Alleys, through Councilman Reynolds, submitted the following report; which was concurred in, and the ordinance, S. O. 115, 1884, ordered stricken from the files:

To the Mayor and Common Council:

Gentlemen:—Your Committee on Streets and Alleys, to whom was referred Special Ordinance No. 115, 1884, would recommend said ordinance be amended by striking out the words "Tennessee street," and inserting "the first alley west of Illinois street;" and when so amended, we recommend that said ordinance do pass.

Respectfully submitted,

M. M. Reynolds,
J. W. Wharton,
