WHEREAS, it is deemed necessary for the welfare of the general public and for the convenience of the officials of the City of Indianapolis, in the exercise of their official duties, that there be a revision, codification and publication of all of the ordinances of the City of Indianapolis; NOW, THEREFORE

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. That, pursuant to all of the general statutory powers of the Common Council of said city, a general and complete revision, codification and publication of all of the existing ordinances of the City of Indianapolis should be and the same is hereby ordered. When finally completed and introduced for adoption as a General Ordinance, the matter shall be designated as "Municipal Code of 194.... of the City of Indianapolis."

Section 2. That the City Clerk of the City of Indianapolis, in his statutory position as Clerk of this Council and the legal custodian of its ordinances, is hereby authorized, empowered and directed to exercise general supervision, control and responsibility for said revision, codification and publication of said ordinances.

Section 3. Said City Clerk, after the appropriation herein provided for becomes effective, is hereby authorized and directed to select and employ, at the expense of the city, four qualified lawyers for the work of such revision and codification, who shall be known and designated as "The Codification Commission of 1944."

Section 4. After said lawyers shall have been selected by said Clerk and shall have accepted such employment they, as such commission, shall select one of its members to act as chairman. The said chairman shall be responsible for the allotment of the work incident thereto; for arrangements as to time and place for such work and for the constant faithful performance of such duties to the end that such work of revision and codification may be properly executed and completed within the shortest possible time.

Section 5. It shall be the duty of said commission to examine all ordinances of the Common Council ordained subsequent to the passage of the Municipal Code of 1925, together with the Municipal Code of 1925 and to determine which ordinances and parts thereof are still in full force and effect; to remove any conflicting provision; to delete or re-write any provisions which are clearly void or unconstitutional; to combine similar provisions dealing with the same subject matter; to examine model ordinances and ordinances in effect in other municipalities; to consider recommendations from various departments of the city and other proper sources with respect to changes therein or additions thereto and new matter in need of regulation, to the end that said commission may submit to the Common Council a proposed modern and unified code of all such ordinance material which may be of general interest and which may tend to facilitate the execution of all proper functions of government by the various departments of the city for adoption. It shall further be the duty of said commission to prepare introductory and appendix matter to accompany the municipal code, such as a complete index of the respective provisions of the code; indexes to any classes of special or general ordinances still in full force and effect but which are not of such character as to be embodied in the code proper, and any duly adopted rules or regulations of any boards which said commission may deem advisable to include, and any other matter which said commission determines proper. Said commission shall also insert references to statutory authority and decisions of the Supreme and Appellate court pertinent to any of the ordinance provisions. It shall further be the duty of said commission, together with the City Clerk,

to consider the matter of so arranging the material of the code that the City Clerk may publish periodical supplements thereto, causing the said code to continue current; to be, at all times, a reference of value and not requiring the expenditure of other money for frequent codifications. It shall be the duty of the City Clerk, at the customary time of printing the council proceedings, to cause to be printed a sufficient number of extra copies of such ordinances passed, in suitable form, as may be needed for assembling such supplements.

Section 6. It shall be the duty of the City Clerk, during the progress of the work, to seek all available information and advice concerning the proper and most suitable manner of publication of said codification, the number of copies to be published, how distributed and the price for sale. He shall take into consideration the possible advantage of the publication in more than one separate volume for the different classes of ordinances, such as, General, Special, Building, Zoning, Traffic and any other classification, and shall determine whether thereby the convenience of the public and officials would be best served, the cost of the publication be reduced and the revenue to the city from the sale thereof be increased, and he shall report his findings thereon to the Council.

Section 7. The total amount of compensation to be paid to each of said lawyers shall not exceed Fifteen Hundred Dollars (\$1,500.00), except that the chairman of said commission shall be paid in addition thereto the sum of Three Hundred Dollars (\$300.00) for the additional duties and responsibilities herein specified, to be paid on vouchers of the City Clerk in the same manner that other vouchers are issued and paid for other expenses of the city. Such compensation shall be paid at the rate of not exceeding One Hundred Dollars (\$100.00) per month for each lawyer during the conduct of the work, and Twenty-Five Dollars (\$25.00) per month to the chairman in addition thereto, with Three Hundred Dollars (\$300.00) of said compensation being retained for each and paid when the work is completed and accepted and approved by the Common Council.

Section 8. classification in the city budget as "Other Compensations", under sub-item 13, under "1—Services—Personal", which fund is hereby created and set up in the present budget for the office of City Clerk. Said fund, in the above amount and as used for such purpose, shall be a continuing and special fund, to be used for said purpose alone, and any balance remaining therein shall not revert to the general fund at the close of the present year, or thereafter, until such work is completed.
