

**MINUTES OF THE CITY-COUNTY COUNCIL
AND SPECIAL SERVICE DISTRICT COUNCILS
OF INDIANAPOLIS, MARION COUNTY, INDIANA**

REGULAR MEETINGS - MONDAY, MARCH 11, 1985

The City-County Council of Indianapolis, Marion County, Indiana and the Indianapolis Police Special Service District Council, Indianapolis Fire Special Service District Council and Indianapolis Solid Waste Collection Special Service District Council convened in regular concurrent sessions in the Council Chamber of the City-County Building at 7:05 p.m., on Monday, March 11, 1985, with Councillor SerVaas presiding.

The meeting was opened with a prayer and the Pledge of Allegiance to the Flag by Councillor Ray Crowe.

ROLL CALL

Councillor SerVaas instructed the Clerk to take the roll call of the Council, which was as follows:

PRESENT: Borst, Boyd, Bradley, Campbell, Clark, Cottingham, Coughenour, Crowe, Curry, Dowden, Durnil, Giffin, Gilmer, Hawkins, Holmes, Howard, Journey, McGrath, Miller, Nickell, Page, Rader, Rhodes, Schneider, SerVaas, Shaw, Stewart, Strader, West

Twenty-nine members being present, he announced a quorum was present.

INTRODUCTION OF GUESTS AND VISITORS

Councillor Holmes introduced Bob Williamson and Lora Henry from Decatur High School. He also introduced the Fifth Grade Class and their teachers and parents from Lew Wallace School No. 107, who won a national essay contest. Councillor West introduced one of three county commissioners from Hendricks County, Mr. Richard Himsel. Mr. Himsel made the following statement with regard to resource recovery and the Danville Landfill:

Dear Council Members:

“Recent discussion concerning methods for disposal of Marion County’s solid waste recommended that Marion County simply transport their waste to the Danville landfill. In exploring the Danville option, the Indianapolis Department of Public Works and the Public Works Committee of the City-County Council solicited comments from the Hendricks County Commissioners, and based upon our discussion asked us to present our comments to you.

“This disposal of waste in the old community dumps became unacceptable during the 1960’s and these dumps were being closed by the Indiana State Board of Health. To provide a solution for the disposal of solid waste in Hendricks County, the Danville landfill was sited in 1970. The Danville site is centrally located for Hendricks County, geologically sound and sufficiently sized to accommodate the long term disposal needs of Hendricks County.

“It is our opinion that the Danville landfill was principally established to meet the disposal needs of Hendricks County. We do not want to see the Danville landfill become the total waste disposal solution for Marion County or the surrounding counties. If the Danville landfill receives additional amounts of trash, it will shorten the life of the landfill, thereby shortening our solution to the waste disposal problems in Hendricks County. Also, total reliance upon the Danville landfill may create a monopoly, thereby increasing prices. The Danville landfill is privately owned and, therefore it becomes important to maintain competition by having several disposal sites available.

“In addition to the problem of shorten landfill life and potential increased cost, we have also found that our citizens are upset with the possibility that the Danville landfill would become Marion County’s dumping ground. Citizens opposition to receiving the Marion County waste could become as difficult for us as siting a new Marion County landfill was for Mayor Hudnut and the City-County Council.

“There is a close relationship between the different local communities in Central Indiana with regard to solid waste disposal since solid waste is transported and disposed of without regard to political jurisdiction. This relationship is not clearly recognized by the citizens within the Indianapolis region nor by all their elected officials. With the demise of the Indiana Heartland Coordinating Commission, we in Central Indiana do not even have a forum to discuss this multi-jurisdiction issue.

"There are a great many questions that need to be answered before determining the best solid waste disposal facility and its management structure. Because there is a strong interrelationship between the different local units of government and solid waste disposal, it is important to look at regional solutions.

"We are willing to explore various options in order to address our mutual solid waste disposal problems. However, we are unwilling to simply designate the Danville landfill as the regional solid waste disposal solution for Central Indiana."

Councillor McGrath introduced Mr. Robert Sare, the Council's appointee to the Community Centers of Indianapolis Board. He also introduced several of the Township Fire Department Chiefs. Councillor Coughenour introduced the Fire Chief of Beech Grove. Councillor Journey pointed out that Councillor Howard received the award for "The Most Colorful Councillor" of 1984. Councillor SerVaas introduced his son, Eric SerVaas and his wife, Dr. Cory SerVaas. Dr. Cory SerVaas told the councillors that smoking was very bad for them, and she passed out Nicarret Gum, that should help them decrease the number of cigarettes they smoke.
