To the Honorable President and

Morrissey on March 11, 1937, a copy of which said report is attached hereto.

JOHN W. KERN,
Mayor.

March 11, 1937.

To the Honorable Board of
Public Safety Commissioners,
City Hall Building,
Indianapolis, Indiana.

Gentlemen:

I am herewith submitting a detailed report of my investigation in connection with the alleged intimidation of members of the Indiana State Legislature at the Indiana State Capitol Building, during the period of the 1937 Legislature Assembly, by members of the Indianapolis Police Department.

On Friday, February 26, 1937, I received an anonymous telephone call, regarding one of our officers (name not given) who was supposed to be acting in an un-officer-like manner on the second floor of the Indiana State Capitol Building, in the corridors, just outside the Senate Chambers. On Monday, March 1, 1937, I received another anonymous telephone call, calling my attention to the manner in which Detective Sergeant John Dalton (who is assigned to Marion County Criminal Court as Investigator) was conducting himself in the corridors of the Indiana State Capitol Building. On Monday, March 1st at 3 PM while I was in the office of the Board of Public Safety, I received additional information as to the manner in which two officers from this Department (in plain clothes) were conducting themselves in the corridors of the Indiana State Capitol Building.

On Tuesday, March 2, 1937, I talked to Detective Sergeant John Dalton in regard to his activities at the Indiana State Legislature in the Indiana State Capitol Building, and mentioned to him the complaints that I had received. He acknowledged some of the accusations and did deny some of the accusations. He also admitted that he was not ordered to the Legislature by any authority within our Department and that he had no business there to conduct in connection with his Marion County Criminal Court duties. He further stated that he was in and around the lobbies of the Indiana State Capitol Building on several different occasions.

I, at that time informed him that we had always practiced detailing men from this Department to the Legislature and since that had been done, and that since he was not one of the men detailed there, I ordered him to discontinue his visits to the Legislature lobbies unless it was on official business.

On Tuesday, March 2, 1937, in the PM I started my personal investigation of the alleged charges concerning officers of this Department at the Indiana State Capitol Building. On my visit to the Indiana State Capitol Building, I talked to State Senators, employees and visitors to the Senate, also to State Representatives, employees and visitors to the House of Representatives.

I learned and am convinced that Detective Sergeant John Dalton was "GUILTY" of "CONDUCT UNBECOMING AN OFFICER" and that he also was "GUILTY" of violating the following rules of the Indianapolis Police Department:

Rule No. 25.—"Members shall extend respect to superior officers at all times."

Rule No. 26.—"Each member of the Department is required at all times to be polite in his dealings with citizens and respectful and policemanlike in his dealings with other officers; to be prompt and thorough in obedience to orders, alert and keen in his duties, and always endeavoring to learn his duties more thoroughly. Each member is required to restrain himself under annoyance and shall keep his temper under control; to remember that his duty is first of all to protect lives and property and to apprehend criminals. He must refrain from harsh, violent, coarse, profane or insolent language, but shall act with firmness and sufficient authority to perform his duties."

Rule No. 28.—"Officers shall not be guilty of any misconduct or neglect of duty or conduct unbecoming an officer and a gentlemen, although such conduct be not specifically mentioned and set forth in these Rules."

Rule No. 42.—"No member of the Department shall partake of intoxicants while on assigned duty or at any time while in uniform. No member of the Department shall report for duty under the influence of intoxicants."

Following are the reasons for which I am convinced that Detective Sergeant John Dalton was guilty of "CONDUCT UNBECOMING AN OFFICER" and the violation of the above mentioned Rules of the Department:

That on Thursday, February 26, 1937, Detective Sergeant John Dalton appeared in the lobbies of the Indiana State Capitol Building, his condition and manner implying that he had been drinking, he approached Senator Joseph Sexton in connection with a certain Act or Bill, namely: the Police and Firemen's Minimum Salary Bill, and in a loud and boisterous manner, swore at, blasphemed and threatened

Senator Joseph Sexton politically for his not expressing himself in favor of the Police and Firemen's Minimum Salary Bill as written. He continued his unofficerlike manner for some time, drawing quite a crowd of Senators, Representatives, employees and visitors to the Legislature to the scene. Others, who became worried that something might happen, cautioned Senator Sexton and Senator Sexton told them that he was alright and that there was nothing to worry about, and at the same time, he called to Detective Sergeant John Dugan, (who is assigned to the Marion County Prosecutor's Office) and who was present in the lobby of the Indiana State Capitol Building, without official permission, to come and take Detective Sergeant John Dalton away, which Detective Sergeant John Dugan did do in a short time, taking him out of the Indiana State Capitol Building.

That on the next day or the day following (I am not positive as to the day) that Detective Sergeant John Dalton approached Senator Martin Cleary in the lobbies of the Indiana State Capitol Building, opposing Senate Bill No. 274—and in a loud and boisterous manner, using profane language and talking in disrespect of his superior officers, thereby acting in an unofficerlike manner.

That on Monday, March 1, 1937, in the P. M. after the Pete Cancilla-Wayne Coy incident, in company with Detective Sergeant John Dugan, Detective Sergeant John Dalton was standing in the corridors of the Indiana State Capitol Building. Senator Martin Cleary passed a remark, that it was a terrible thing that that fellow struck Wayne Coy, and that Detective Sergeant John Dalton made the remark or words to this effect, that he was not hurt and you had better tend to your own business and lay off the Cancilla matter or you might not be safe in going back to the hotel from here.

The above report covers all the important facts of my investigation other than hearsay.

On the above information and which I am convinced is true, I did not prefer charges on Detective Sergeant John Dalton, as I felt that the Police Trial Board and the Board of Public Safety are more or less handicapped by law, being able to punish by 30 days suspensions or 30 days fine of pay, the fine being credited to the Police Pension Fund. I therefore having power as Chief of Police, to demote in rank any officer, (the demoted officer having the right of appeal to the Board of Public Safety Commissioners, to show cause for demotion) I demoted Detective Sergeant John Dalton from the rank of Detective Sergeant to the rank of First Grade Patrolman, effective March 3, 1937. I felt that the demotion would be more effective as a disciplinary measure than any suspension from duty, other than dismissal from the Department, as Detective Sergeant

John Dalton had served more than 22 years as a member of the Department.

I am convinced that Detective Sergeant John Dugan is "GUILTY" of violating the following Rule of the Indianapolis Police Department:

Rule No. 24.—"Every member of the Department shall report violations of orders or Rules and Regulations governing the Department, to the superior officer in command."

My investigation showed that Detective Sergeant John Dugan at no time acted in an unofficerlike manner, he did not abuse or lobby for any certain Act or Bill nor in any manner try to influence any Senator or Representative. He did have a conversation with Senator Martin Cleary of Ft. Wayne-Allen County, regarding baseball in which both are interested and in which both have mutual friends connected. However, since Detective Sergeant John Dugan had no official business that should have taken him to the Indiana State Capitol Building on either of his visits and since he was not detailed there from this Department and since he did visit the Indiana State Capitol Building in company with Detective Sergeant John Dalton and knew of the actions of Detective Sergeant John Dalton on Friday, February 26, 1937, and also on Monday, March 1st, making no report to his superior officers in this Department of such visits and of the conduct of Detective Sergeant John Dalton, in order for his superior officers to maintain discipline, I felt it was my duty to place Detective Sergeant Dugan back under full jurisdiction of this Department. I, therefore, ordered his removal from his assignment to the Marion County Prosecutor's Office to the Detective Division of this Department.

For your information, there was detailed from this Department, to the Legislature Sessions as an act of courtesy, Detective Sergeant George Hubbard and the Secretary of Our Police Pension Fund, Patrolman Harry Irick, of whom my investigation shows, acted as officers and in an officerlike manner at all times, and we have received no complaints. Also my investigation disclosed that other officers of this Department, while off duty, visited the House and Senate Chambers and conducted themselves in an officerlike manner and as gentlemen at all times and we have received no complaints.

I therefore suggest and recommend that your Honorable Board concur in my action as taken, unless some future development grows out of the Legislature Committee's investigation or the investigation of the Marion County Grand Jury, which would prove a felonious act committed by one of our officers, since Detective Sergeant John

Dalton has served 22 years as a member of the Department, and since Detective Sergeant John Dugan has served more than 21 years as a member of the Department.

In conclusion, may I suggest and recommend that in the future your Honorable Board does not approve the assignment of any member of this Department to any other Department, except in an emergency.

Respectfully submitted,

(Signed) MICHAEL F. MORRISSEY,
Chief of Police.

STATE HIGHWAY COMMISSION OF INDIANA
State House Annex
INDIANAPOLIS, INDIANA

March 26, 1937.

Hon. John W. Kern,
Mayor,
Indianapolis, Indiana.

Dear Sir:

The Federal road authorities have approved certain projects in your city, to be made with Federal funds as authorized by House Resolution 11687 of the 74th Congress, which projects are set out in the enclosed ordinance. Plans are now being prepared for these improvements and, as rapidly as they are finished, they will be forwarded to the U. S. Bureau of Public Roads for approval.

In the meantime, if any public or municipal utility has pipes, lines or conduits in the street or streets to be improved, which should be renewed or removed, your city must take immediate steps to have this done so that when awarded the contractor may not be delayed in the performance of his contract. If there are any sewers in the street, they must be examined and put in good condition by the city.

We are enclosing an ordinance, three copies of which your city will be required to at once adopt. This is essential and must be done before the U. S. Bureau of Public Roads will finally authorize the projects in your city. We are also enclosing the form of a contract to be entered into between the City and State, and providing for the maintenance of each of the projects. This contract must be executed in triplicate, after the adoption of such ordinance, and all copies sent to this Commission, whereupon one copy, after execution, will be returned to you. All three copies of the contract will be certified by the City Clerk, and the seal of the city affixed where called for. Two copies of the ordinance will also be certified and forwarded to the Commission, the original copy will be retained for your files.

Later it will be necessary for your city to execute an ordinance for the protection of such projects containing the provisions, where applicable, required by Section Six (6) of the ordinance enclosed. In this connection you will remember that these particular streets are being improved by the Federal Government, in order to expedite traffic on Federal highways through the City, and naturally the Government demands that these improvements be protected after they are made. The form of this ordinance will be prepared by the Commission and forwarded to you for adoption.

April 4, 1937]

City of Indianapolis, Ind.

153

If additional right of way in the City will be required for the project, you will be notified just what additional rights are required, and your City will be required to obtain such right of way at its expense.

You are urged to AT once call a special meeting of the Common Council of your City, pass the enclosed ordinance, and at once return the documents to this Commission, properly executed as above outlined.

Correspondence concerning these projects should be addressed to the Commission. If your city does not desire this improvement. please notify us at once.

Yours very truly,

/s/ M. R. KEEFE,
Chief Engineer.
