April 16, 1937.

Mr. Walter C. Boetcher,  
City Controller.

Dear Sir:

The Board of Public Works and Sanitation respectfully requests that you cause to be prepared an ordinance appropriating the sum of \$62,923.73, from the gasoline tax balance of December 31, 1936, placing the same into Board of Public Works and Sanitation, Administration No. 26, and submit the same to the Council at its next meeting with the recommendation from the Board of Public Works and Sanitation that the same be passed.

For your information and also information of the members of the Council this large balance remaining in the 1936 fund was earmarked and set aside for certain street improvements for which contracts were awarded for in 1936, but construction was held in abeyance on account of the weather. These contracts were on the two sections of College Avenue, from 30th to 38th Streets, and also Alabama Street, from Ft. Wayne Avenue to 11th Street.

Very truly yours,

BOARD OF PUBLIC WORKS & SANITATION

/s/ ERNEST F. FRICK,  
Executive Secretary.

April 19, 1937.

To the Honorable President and  
Members of the Common Council  
of the City of Indianapolis.

Gentlemen:

Attached please find copies of Appropriation Ordinance No. 17, 1937, appropriating the sum of Four Hundred and Fifty Dollars (\$450.00) from the unexpended and unappropriated 1936 balance of the general fund to Department of Law Fund No. 72—Equipment.

I respectfully recommend the passage of this ordinance.

Yours very truly,

WALTER C. BOETCHER,  
City Controller.

April 16, 1937.

Mr. Walter C. Boetcher,  
City Controller,  
Indianapolis, Indiana.

Dear Sir:

Captain Martin J. Logan, who is claim agent for the Department of Law, is occupied a good share of the time in traveling over the city making investigation of claims and law suits against the city. Captain Logan is very much handicapped in this work because of the lack of proper transportation facilities, and I feel that an automobile should be provided for use of this department in conducting that work and also for use by the various members of the legal staff in the trial of cases claiming damages for accidents caused by defects in the city streets, which cases have been venued from the Marion County courts to courts in adjoining counties. We have a number of such cases pending almost all of the time and, due to the lack of adequate transportation facilities, it is quite a problem to get our witnesses to those courts to testify at such trials. The only city owned automobile that is ever at the disposal of this department is an old Buick, which cannot be depended upon to make such trips and which also is often in use for other purposes at times when it is most imperative that we have immediate use of a dependable automobile for the prompt transportation of attorneys and witnesses to out of town courts.

To meet these various needs, I am requesting the appropriation, by ordinance of the common council, of \$450.00 from the unexpended and unappropriated 1936 balance of the general fund to Department of Law Fund No. 72—Equipment, for the purchase of an automobile. If this request meets with your approval, I should be pleased to have you recommend such appropriation.

Very truly yours,

/s/ F. J. MATTICE,  
Corporation Counsel.

WALTER C. BOETCHER,  
City Controller.

April 8, 1937.

Mr. Walter C. Boetcher,  
City Controller,  
Indianapolis, Indiana.

Dear Mr. Boetcher:

Will you please take the necessary steps to secure an additional appropriation of fifty dollars (\$50.00) for Fund No. 21 of this office?

You will recall that there was a deficiency of this fund last year, and I anticipate that the deficiency this year will be even greater because of the increased demands on this fund occasioned by the emergency communications in connection with this City's service to the flood sufferers.

Very truly yours,

/s/ JOHN W. KERN,  
Mayor.

Dear Sir:

The Board of Park Commissioners respectfully requests that you cause to be prepared an ordinance appropriating the sum of \$11,000.00 out of the unexpended and unappropriated balance in the Park General Fund at the close of the year 1936, to be placed in the following funds:

713—Improvements, \$6,000.00, to be used for the purchase of materials for the ten additional wading pools now being proposed for construction.

and submit the same to the Common Council at its next meeting for approval.

The 1937 General Assembly created an additional executive department of the City of Indianapolis, known as the Department of Flood Control.

Section 18 of the acreated said department provides that upon the organization of the Board of Flood Control Commissioners, all unexpended and unappropriated moneys now accumulated in Flood Prevention—Bond Issue fund of the City of Indianapolis shall be transferred to and become part of the Flood Control Maintenance and General Expense fund of said Board, and thereafter may be expended by such Board for the purpose of paying its general expenses.

It is the opinion of this Board that it should operate under the general budget law applying to the City of Indianapolis. Therefor, the Board has prepared and adopted a budget for the current year in the total sum of \$52,897.93; and it is transmitting same to you with the recommendation that you cause to be prepared an ordinance to be transmitted to the Common Council with the recommendation that same be approved, upon the condition that the moneys now in the Maintenance and General Expense fund of said Board be transferred from and appropriated to the various items as shown in said budget.

Respectfully submitted,

Members of the Common Council,

City Hall Building,  
Indianapolis, Indiana.

Gentlemen and Mrs. Dowd:

Inclosed is a copy of "Survey of Police Radio Cars and Crime Conditions in the City of Indianapolis." As a group who are vitally

interested in Civic affairs, I believe you will be interested in this survey.

This survey goes into great detail in our attempt to get actual facts and data with which we are able to attack our many problems in fighting crime. Since I have held the office of Chief of Police I have tried continually to eliminate the guess-work in police work by conducting such detailed surveys, by modernization and by training of men.

This survey takes into consideration a great number of crimes, a total of 10,053, occurring over a long period of time, therefore, it gives us actual average facts, charts and tables contained therein show us WHEN to expect the peaks of different types of crimes, accidents, etc., it shows WHERE we can expect it, and shows the variation between week days and week ends, along with many other facts. Each chart is fully discussed and is accomplished by a table of statistics.

I wish particularly to call your attention, besides the charts and data to the introduction on pages 2 and 5, with special notice to pages 4 and 5. Of course we immediately made many changes indicated in the findings of this survey. I will appreciate receiving your comment on this survey.

Yours very truly,

MICHAEL F. MORRISSEY,  
Chief of Police.

Mr. Raub asked if there were any taxpayers present who wished to be heard in the matter of Appropriation Ordinances Nos. 11, 12, 13, 14 and 15, 1937. There was no response.

Mr. Oren asked for a recess. The motion was seconded by Mr. Cable and the Council recessed at 7:45 p. m.

The Council reconvened at 8:35 p. m., with all members present.
