REPORT OF BUDGET PROCESS COMMITTEE

The Chair had appointed a BUDGET PROCESS Committee which consisted of Donald Miller, Chairman; Patricia Nickell, Wayne Rader, Paula Parker, Stuart Rhodes, David Page, and Michael Vollmer. President SerVaas requested that the members of both Caucuses discuss the report submitted by the Committee, and inform him of any recommendations included in the report which they would like to put into effect. President SerVaas called on Councillor Miller to give a report of the Committee. Councillor Miller noted that the Budget Process Committee met from November through February. He added that the Committee had received excellent input from the Society of Retired Executives which has followed the budget process for a number of years. Areas discussed by the Committee included: Budget Dates, Budget Formats, Budget Parameters, Personnel Policies and Procedures, and Human Services. Another area of concern was Central Data Processing, which has grown a great deal and will be facing funding problems in the future. Councillor Miller outlined the three level budget format used for the 1981 budget and the Committee recommended the same procedure for 1982, with the exception that a department or agency could be exempted from this procedure subject to approval of the budget review committee. Councillor Miller noted that the Rules and Policy Committee is now considering one of the suggestions of the Committee regarding setting budget parameters. Regarding the Personnel Policies and Procedure, Councillor Miller said that the Committee recommended that each budget review committee be given a clear description of any reclassifications that have occurred or that are going to occur to avoid concern. In the area of Human Services, Councillor Miller stated that due to the loss of funding taking place at the National level, it will be necessary to consolidate some of the Multi-Service Centers. Councillor Miller said in order to save time needed for educational purposes, the Administration plans to work with the Council review committees to give them a better understanding and knowledge of the funding and budget situations. In

closing, Councillor Miller said that it had been suggested by the City Controller that capital and operational budgets be heard separately. The final meeting of the Budget Process Committee took place on February 25, 1981. President SerVaas reiterated that he would like to have the Majority and Minority Councils review this report from the Committee.
