COMMUNICATIONS FROM CITY OFFICIALS

October 5, 1931.

To the Honorable President and Members of the Common Council of the City of Indianapolis, Indiana:

Gentlemen:

Attached please find copies of General Ordinance No. 79, 1931, transferring monies from certain numbered and designated funds of the City of Indianapolis, reappropriating and reapportioning the same to other numbered and designated funds in the City of Indianapolis, Indiana.

I respectfully recommend the passage of this general ordinance.

Yours very truly,

WM. L. ELDER,
City Controller.

October 5, 1931.

To the Honorable President and Members of the Common Council of Indianapolis, Indiana:

The Legal Department herewith presents General Ordinance No. 80, 1931, dealing with the manner of making and assessing the cost of private connections, such as sewer, water and gas, in the improvement of streets and alleys, either originally or in widening and resurfacing.

A question has arisen as to the validity of the present ordinance covering this subject because the provisions thereon in Sections 746 to 749 of the Municipal Code of 1925 are a copy of General Ordinance No. 67, 1914, appearing at page 160 of the Journal of 1915, which ordinance had been held void by the Supreme Court in 1918. This decision was evidently overlooked when preparing the code. While it is probable that General Ordinance No. 103, 1906, approved January 22, 1907, has remained in force, in view of the invalidity of the later ordinance, there will likely be further controversy on this point, so we deem it necessary to clear up the situation by passing an entirely new ordinance, and in this we have clarified the provisions and made it cover also work done under the resurfacing law of 1923, as amended in 1929.

In view of the many street improvements it is important that this ordinance be passed and become effective at once, so we respectfully urge that in this instance your rules be suspended and the ordinance passed at the meeting at which it is introduced.

Respectfully yours,

EDW. H. KNIGHT,
Corporation Counsel.

October 5, 1931.

*To the Honorable President and Members of the Common Council of
the City of Indianapolis, Indiana:*

Gentlemen:

Attached you will find copy of a letter from the Mayor of the City of Indianapolis, wherein he has determined that a contingency has arisen requiring the expenditure of a part of the appropriation in the Mayor's Contingent Fund, being Fund 2-26 of the Department of Finance, Controller's Office, in the sum of \$1000.00, to be used in the payment of \$500.00 each, to Fred C. Gause and John W. Holtzman, in full to date, for all services rendered as a special legal counsel for

the City of Indianapolis in matters pertaining to the relations, contracts, franchises, obligations and duties existing between the City of Indianapolis and the Citizens Gas Company of Indianapolis, Indiana, and the trustees thereof, and all other legal services.

I recommend that said sum of \$1000.00 be set aside and made available out of said fund for the purpose aforesaid, to be paid by my warrants, upon proper certificate by the Mayor.

This will notify you of such determination on the part of the Mayor and my approval thereof.

Very truly yours,

WM. L. ELDER,
City Controller.

October 3, 1931.

Mr. William L. Elder, City Controller, Indianapolis, Indiana:

Dear Sir:

You are hereby notified that as Mayor of the City of Indianapolis I have determined that a contingency has arisen requiring the expenditure of a part of the appropriation of the "appropriation for contingencies." This expenditure is necessary to pay Fred C. Gause and John W. Holtzman in full to date for all services rendered as special legal counsel for the City of Indianapolis in matters pertaining to the relations, contracts, franchises, obligations and duties existing between the City of Indianapolis and the Citizens Gas Company of Indianapolis, Indiana, and the trustees thereof and all other legal services.

It is necessary to pay said Fred C. Gause and said John W. Holtzman the sum of \$500.00 each for such services, thereby making a necessary appropriation from such contingent fund of a total sum of \$1,000.00.

I request that, upon your approval of this proposed expenditure, that you notify the Common Council in writing, so that said Common Council may, if it sees fit, adopt a resolution setting forth the circumstances regarding this said appropriation.

Very truly yours,

REGINALD H. SULLIVAN,
Mayor.

Approved this, the 1st day of October, 1931.

WM. L. ELDER,
City Controller.

Mr. Welch asked for a recess. The motion was made and seconded by Mr. Houck, and the Council recessed at 7:35 p. m.

The Council reconvened from its recess at 8:00 p. m. with the same members present as before. At this time Mr. Henry and Mr. Hildebrand entered the Council Chamber and were counted present.

GENERAL ORDINANCE NO. 80, 1931

AN ORDINANCE for the protection of permanently improved streets, and alleys, including roadways being widened and/or resurfaced, requiring owners of property to make private connections with sewer, water, gas and other like pipes and public conveniences, including all repairs, extensions and replacements thereof and/or accessories thereof, and to bring all thereof to such points between the curb line and the property line of such street and in such manner, all as the Board of Public Works may designate in its resolution, before the proposed improvement of such street; and authorizing the Board of Public Works, on default of any such owner or owners in making such connections, repairs, extensions, replacements, and/or accessories, to cause the same to be made at the expense of such owner or owners, under the general contract for such complete improvement; making such expense a lien on such property, chargeable on the assessment

roll for the complete improvement and payable and collectible in the same manner as expenses for other street improvements; repealing all ordinances and parts of ordinances in conflict therewith, provided: that such repeal shall not affect any improvements the resolutions for which have been confirmed prior to the taking effect of this ordinance, but the same may be completed under the prior ordinance, or modified and completed hereunder; and fixing a time when the same shall take effect.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS, INDIANA:

Section 1. Before the roadway of any street shall be permanently improved, or widened and/or resurfaced, it shall be the duty of owners of property abutting on such street to make private connections with sewer, water, gas and other like pipes and public conveniences, and to make repairs, extensions and replacements thereof and/or accessories thereto, and to bring all the same to such points between the curb line and property line of said street and in such manner, all as the Board of Public Works may designate in its resolution for any such improvement, which connections, repairs, extensions, replacements and/or accessories shall be completed within thirty days after the confirmation of such resolution by the Board of Public Works, ordering the proposed improvement of such street.

Section 2. Whenever the Board of Public Works shall adopt a resolution for the permanent improvement, or widening and/or resurfacing, of the roadway of any street, it shall declare in said resolution its intention of making, by the general contract for such improvement and at the expense of the abutting owners, all private connections with sewer, water, gas and other like pipes and public conveniences, including all repairs, extensions and replacements thereof and/or accessories thereto, as such board may deem necessary and shall indicate in such resolution, and its intention of bringing all thereof to such points between the curb and property lines of said street and in such manner as the board may designate in its resolution, or may thereafter order, where the same, or any thereof, have not

already been made by any such abutting property owners; and notice of such intention by the board shall also be made a part of the published notice concerning such street improvement, given as required by law. It shall be sufficient to state in such notice, in substance, that all water, gas, sewer and other private service connections, where not already in, must be made and paid for as required by such resolution. On default of any such owner in constructing within the time limited any of the connections, repairs, extensions, replacements, and/or accessories, as required by such resolution, said board shall proceed to cause the same to be constructed at such owner's expense, under the general contract for the proposed improvement of said street and such expense shall be charged by the board, upon the assessment roll for such complete improvement, to the respective owners of the property affected thereby, and the amounts so assessed shall be and constitute a lien on such abutting property so affected and served, payable and collectible in the same manner as expenses for other street improvements are paid and collected.

Section 3. Bidders on any aforesaid complete improvement of any such street shall be required to state in the bid, in the manner required by the specifications for such complete improvement, a separate price for each kind of said private connections with sewer, gas, water and other like pipes and public conveniences, and for each kind of repairs, extensions and replacements thereof and/or accessories thereto, and for bringing the same to the points and in the manner designated in the resolution, where not already done.

Section 4. All work of making any such private connections, repairs, extensions, replacements and/or accessories, as hereinbefore provided, whether done by the owner, or under said general contract made by the Board of Public Works, shall be done under permit from and subject to the supervision and approval of the City Engineer and said board.

Section 5. In case an alley having no curbs is so permanently improved, or widened and/or resurfaced, then all things herein pro-

vided to be done by or in behalf of the property owner in streets, shall be done as designated by the improvement resolution and shall in all other respects be governed by the provisions hereof relating to streets.

Section 6. All former ordinances or parts of ordinances in conflict herewith are hereby repealed; provided, however, that such repeal shall not affect any improvements for which the resolutions have been confirmed prior to the taking effect of this ordinance, but the same shall be completed under the provisions of the ordinance then in effect, or such resolution and notice may be modified and the improvement be completed in conformity to this ordinance.

Section 7. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor.

Which was read the first time and referred to the Committee on Public Works.
