The following Resolution was offered for adoption by the President, and adopted by Consent.

Resolved, That David Williams be allowed sufficient earth from Meridian Street, South of South Street, to fill up the old channel of Pogues Run on and along-side of his Block, under the control and direction of the Councilman of the 6th Ward.

Page 191

Christian Coleman was allowed the previlage of putting a Pump in the Public Well oppasite the State Bank, for the purpose of getting water therefrom to water the Streets.

The Committe to whom was refered the petition of the O. K. bucket Company No 1, made the following Report, and moved the adoption of the following Resolution appended thereto, The committee to whom was refered the petition of the O. K. Bucket Company No 1, have had the subject under consideration, We are of opinion that it would be for the benifit of the fire department to have a bucket company organized by the Young men or lads of this city, and that it would be advisable to aid them in such way, and to subscribe an amount in procuring a suitable wagon as the circumstances of the treasury will warrant.

Resolved, That the sum of \$50 be appropriated to to aid the O. K. Bucket Company No 1. to procure a suitable carriage, to be drawn so soon as the committee on the Fire department are satisfied that the company are fully organized and ready to render service in Case of fire, said blank was filled withe the sum of \$50, the Report accepted, and the Resolution concurred in.

Ordered, That all claims hereafter presented for removing Nuisances shall specify particularly the place from which the same was removed, the date when, and the name of the person employed to remove it, and also the price paid in each case, and that the sum of twenty five cents only, shall be allowed for Removing dead Hogs, and twelve cents for dead Cats.

Ordered, That the Treasurer procure a cancelling Punch or Hammer to be used in defacing City Orders and Scrip, and that the President immediately after the Treasurers Report is made monthly; cause all orders or scrip so Reported to be defaced or cancelled; and that all orders and scrip now on hand be cancelled or defaced at the next meeting of the Council.

The following petition was presented by the property holders of Block H as designated on the Plat of the City of Indianapolis, and Signed by a majority of them, praying the Council to grant them the privilage of grading and gravelling the side walk along said Lot on Washington Street, after the reading of which, the Council granted the prayer of the petitioners.

To the City Council of Indianapolis, We the undersigned Freeholders of said City do request the City Council to pass and order to the following purpose, that the side walk in front of of Block H, on Washington Street on the North side thereof, be graded & gravelled,

The first part of the document discusses the importance of maintaining accurate records of all transactions. It is essential to ensure that every entry is properly documented and verified. This process helps in identifying any discrepancies or errors early on, preventing them from escalating into larger issues. Regular audits and reconciliations are key to maintaining the integrity of the financial data.

Furthermore, the document emphasizes the need for transparency and accountability. All stakeholders should have access to the relevant information, and any changes or updates should be communicated promptly. This fosters trust and ensures that everyone is working with the most current and accurate data available.

In addition, the document outlines the various methods used to collect and analyze data. These include direct observation, interviews, and the use of specialized software tools. Each method has its own strengths and limitations, and it is important to choose the right approach for the specific task at hand. Combining multiple methods can provide a more comprehensive and accurate picture of the situation.

The document also addresses the challenges of data collection and analysis. One major challenge is ensuring the reliability and validity of the data. This requires careful planning and execution of the data collection process. Another challenge is dealing with large volumes of data, which can be time-consuming and costly to process. Advanced data analysis techniques and tools can help overcome these challenges and extract meaningful insights from the data.

Finally, the document concludes by highlighting the importance of continuous improvement. The data collection and analysis process should be regularly reviewed and updated to reflect changes in the environment and the needs of the organization. This ensures that the data remains relevant and useful for decision-making over time.

The following Resolutions was presented and adopted.

Resolved, That whenever hereafter an order shall be issued for the grading, gravelling or paving any side walk, alley or Street, and the property owners or owners, whose duty it shall be to make such improvement shall fail to do the same in the time required by law, and the work shall have been performed at the expence of the City, then and in that case it is hereby made the duty of the Street Commissioner, or other person superintending said work, to Report the facts of the case to the first regular meeting of the Council thereafter.

Resolved further, That it shall be the duty of the Secretary to register, in a book to be Kept for that purpose the substance of said Report, exhibiting the amount expended by the City in improving any side walk, ally, or Street as aforesaid, which sum he shall transfer to the tax list first thereafter payable, to be by the Collector- Collected as other City Taxes are Collected by distress and sale

Page 193

if need be, of the property or lots of the person or persons liable to pay for said improvements.

The President having informed the Council that the Lots offered for sale, were not sold, on the ground that the appraisement on said Lots were too high, On motion it was ordered, that the committee who appraised said Lots should reappraise the same, and reduce the price of ech Lot one third less than the first appraisement.

Ordered, That the Treasurer pay off out of any Funds in his hands (Except the School Funds) the Judgement rendered in the Marion Circuit Court in favor of John L. Ketchem against the City Council.

On motion of Mr Montague, The Bridge over the old channel of Pogues Run on East Street, to be removed, and placed over the new channel of said Run on said Street, under the supervision of Messrs Montague & Bates, who are to receive proposals for the tairing down and the putting up of the same, and to let the lowest bidder have said job.

On motion the Council adjourned
