REPORTS FROM CITY OFFICERS.

From City Controller :

FINANCE DEPARTMENT,
CITY OF INDIANAPOLIS.

INDIANAPOLIS, IND., December 27, 1917.

To the Honorable President and Members of the City Council:

GENTLEMEN—The City Clerk's office needs an appropriation of \$82.50 and the City Judge's office needs an appropriation of \$143.78 to pay salaries during the balance of the year 1917. I enclose transfer ordinance covering these items.

The City Clerk also desires an appropriation of \$100.00 to his salary fund for the purpose of paying a Fourth Assistant City Clerk for a period of thirty days. He will submit to you an ordinance creating that office for thirty days. He will engross the Code of 1917, which is a task requiring the undivided effort of one man. I enclose ordinance for said appropriation.

I enclose ordinance amending Section 757, Section 1105, Section 1106, Section 1107 and Section 1109 of General Ordinance No. 12, 1917.

The purpose of this ordinance is to comply with the ruling of the court in the case involving the validity of the license ordinance. The ordinance which I enclose was prepared by Mr. Masson, who was one of the gentlemen who prepared General Ordinance No. 12, 1917. This ordinance will increase the revenues of the city during the year 1918 a good many thousand dollars, and I urge you to pass the same under suspension of the rules, as it merely places the Code in the form in which you intended it should be at the time you passed the same and before the suit was filed testing its validity. As I understand it, the balance of the Code has been upheld as valid.

I am informed that much property in the city of Indianapolis has been omitted from taxation because it has not been properly listed, and in some cases because it has been sequestered and hidden from the taxing officers. The city is in much need of revenue and all property should pay its just portion of taxes.

The only way I know by which this can be brought about is through the employment of some person who is specially qualified for searching out and discovering such property and reporting it to the taxing officers. The great need for such work prompts me to ask you to give early consideration to the matter, and to pass an ordinance authorizing the Controller to employ such person (the Corporation Counsel advises that the contract should be made through the Controller under powers vested in him by City Charter), and I hereby request that you appropriate to this department \$50,000.00 for the payment of any compensation earned in such work. Your ordinance should provide that the payment shall be limited to a percentage of the taxes actually collected. The customary rate for such service is 25 per cent., although in some cases it is as high as 35 per cent., but I am of the opinion that the service can be procured in this city for 25 per cent. The appropriation may seem large, but inasmuch as the expenditure will be limited to a percentage of the taxes actually collected, and if no sequestered taxes are collected then there will be no expenditure, therefore, the only thing with which we are concerned is that the appropriation shall be large enough to cover any possible contingency.

I have also been informed that from time to time the treasurer has certain uncollectible taxes charged off of the duplicates, which taxes are thereafter called "dropped taxes," and that a careful search by a competent person will disclose in some cases that such taxes can be collected. The work for the collection of such taxes is much like that for the collection of bad debts from involvent persons, and, it is, therefore, necessary to pay a higher rate of commission, probably 35 per cent.

I, therefore, request that you authorize the Controller to make a contract with some competent person for the collection of such dropped taxes at a commission not exceeding 35 per cent., and I hereby request that you make an appropriation to this department to pay for the service of such person in the sum of \$40,000.00. The same may be said as to the size of this appropriation that I have said concerning the appropriation for discovering and reporting omitted property. No danger can come from the appropriation being too large if the expenditure must be limited by the amount of taxes actually collected, as it should be.

I have requested the Department of Law to prepare ordinances covering these matters and am herewith transmitting them to you for consideration of the Common Council.

I recommend that you suspend the rules to pass the ordinances covered by this letter.

The two ordinances from the Legal Department of the city and from Mr. Masson are drawn for the purpose of bringing money into the city treasury during the year 1918. None of the money derived therefrom will accrue to the benefit or use of this administration, but we should enact them into law in order that we may do everything in our power to place the city's finances for the year 1918 in the very best possible condition.

Yours very truly,

R. H. SULLIVAN,
City Controller.

OFFICE OF THE CITY CLERK,
CITY OF INDIANAPOLIS.

INDIANAPOLIS, IND., December 27, 1917.

Mr. R. H. Sullivan, City Controller:

DEAR SIR—On account of the great amount of typewriting necessary to engross General Ordinance No. 12, 1917, the work of engrossing ordinances passed by the Council has fallen so far behind in my office that it will be necessary to employ additional help for that work.

I will ask the Common Council at its special meeting to-night to create a temporary position in my office to be known as Fourth Assistant City Clerk, whose duties shall be exclusively to engross ordinances passed by the Common Council and approved by the Mayor.

It will be necessary to appropriate one hundred dollars for payment for this work and I request that you prepare an ordinance for that amount for that purpose and recommend the same.

Respectfully,

THOMAS A. RILEY,
City Clerk.
