

PROGRAM OF THE SECTION ON ARCHEOLOGY

Chairman: GLENN A. BLACK, Indianapolis

1. Indian trade material in the Wabash region. Amos W. Butler, Indianapolis.
2. Preliminary note on the Moravian Mission to the Delaware Indians on White River, Indiana. Paul W. Weer, Indianapolis.
3. Certain southern Indiana sources of lithic artifact material. E. Y. Guernsey, Bedford.
4. The use of copper by the American aborigines. Eli Lilly, Indianapolis.
5. Photography and anthropology. T. B. Noble, Jr., Indianapolis.
6. Anthropological technique. Charles F. Voegelin, DePauw University.
7. Archeological method. Glenn A. Black, Indianapolis.

Dr. Voegelin's paper, "Anthropological limits of language", published in this volume, pp. . . ., deals with only one phase of the subject indicated in title No. 6 of this program.

Dr. Black was reelected chairman of this section for 1937.
