

MEETINGS OF RELATED GROUPS

For the past several years those interested in entomology and in systematic botany have held informal conferences in connection with the regular fall meetings of the Academy. This custom was continued in 1936, both groups meeting on Saturday morning, November 7. Brief reports of the two meetings are given below.

Entomologists.—The meeting was called to order by Howard O. Deay, chairman. Among those present were: Dorothy Griffith, Dorothy Sparrow, and H. G. Nester, Butler University; C. C. Alexander, J. J. Davis, H. O. Deay, G. E. Gould, G. E. Lehker, G. E. Marshall, and B. E. Montgomery, Purdue University; H. K. Rippey, State Entomologist's Office; R. R. Heaton, the Terminex Company of Indiana; John M. Amos, Crop Protection Institute, Orleans, Indiana; J. T. Carter, Orleans; Robert Cooper, Ball State Teachers' College; and L. I. Musgrave, Martinsville.

The following program was presented:

1. Entomological work of the Academy Biological Survey Committee B. E. Montgomery.
2. Biology and control of the Codling Moth..... G. E. Marshall.
3. Entomological teaching and research in Indiana colleges and universities..... H. G. Nester.
4. The present status of the Dutch elm disease, the European corn borer, and the Japanese beetle in Indiana..... H. K. Rippey.
5. Extension methods in entomology..... G. E. Lehker.

Following this program, others in attendance made brief reports of their work. H. G. Nester was elected chairman of the meeting to be held in 1937.

Plant Taxonomists.—The meeting was called to order by Theodore Just, chairman. Various phases of systematic botany, particularly as applied to immediate problems, were discussed by: C. C. Deam, Scott McCoy, Ray C. Friesner, Ralph M. Kriebel, Paul Weatherwax, Marcus W. Lyon, Jr., J. E. Potzger, and others. Theodore Just gave a summary of some recent European taxonomic literature.

By vote of the group, Theodore Just was continued as chairman for the coming year. Tentative plans were made for summer meeting of taxonomists to be held late in July.
