

# INDEX

- Academy foundation, Report on, xiii.  
 Acetone, Bromination of, 92.  
 Acetyl bromide, Preparation of, 87.  
 Adsorption of pancreatic enzymes, 79.  
 Advertising, Psychology of, 193.  
 Affective experience, Measurement of, 190.  
 Ahrendt, M. H., on Linkages, 158.  
 Algae of Indiana, 45.  
 Alkyl iodides, Preparation of, 89.  
 Allyn, Wm. P., et al, on Caudata of Vigo County, 238.  
 Ammonia, Action of, on hexynyl magnesium halides, 98.  
 Ant, Life history of, 202.  
 Anthony, Robert L., on The trochoid method of magnetic focusing, 176.  
 Appropriations for publication, x.  
 Aptitude tests, 185.  
 Archeological survey: committee on, ix; report of committee on, xiii.  
 Archeology: Clark County, 27; east of the Mississippi, 12; section on, 12.  
 Atmospheric variations, 116.  
 Attention value of advertising copy, Measurement of, 184.  
 Attitudes: measurement of, 190, 193, 196; persistence of, 183; shifting of, 185.  
 Auditing: committee on, ix; report of committee on, x, xiii.  
 Bacteria: in milking machines, 34; in swimming pools, 34.  
 Bacterial analysis of milk, 44.  
 Bacteriology, Section on, 33.  
 Baldinger, L. H., on Iodine number of oil of peppermint, 107.  
 Barytrons, The scattering of, 173.  
 Bebb, William, Memorial, 2.  
 Behrens, C. A., et al, on Rabies immunization, 33.  
 Bernoulli's differential equation, Solution of, 162.  
 Beryllium atoms, Energy of, 174.  
 Binkley, W. W., et al, on Preparation of alkyl iodides, 89.  
 Biological survey: committee on, ix; report of committee on, xiii.  
 Bitting, Katherine G., Memorial, 3.  
 Black, Glenn A., on Archeology east of the Mississippi, 12.  
 Blue jay, Banding studies of, 228.  
 Boiling point constants for butylacetylene, 102.  
 Bonding committee, Report of, xiv.  
 Boron, Disintegration of, by protons, 176.  
 Botanical Index, an early publication, 45.  
 Botany, Section on, 44.  
 Briscoe, H. T., et al, on Bromination of acetone, 92.  
 Bromination of acetone, 92.  
 Brossman, Charles, Memorial, 4.  
 Brown, W. H., on The phosphatase test of butter, 34.  
 Brueckner, A. H., et al, on *Streptococcus agalactiae*, 35.  
 Buckley, W. T., on Reclamation in the Yakima Valley, 115.  
 Burkett, Howard, et al, on Mandelic acids, 75.  
 Burman, Wilma E., et al, on The malachite-green differential test on sex strains of Nectria, 47.  
 Bushnell, T. M., on Indiana soils, 113.  
 Butylacetylene, Boiling point constants for, 102.  
 Cable, R. M., on Parasites of the snapping turtle, 201.  
 Carlson, J. F., on The scattering of barytrons, 173.  
 Cathcart, W. H., et al, on Bromination of acetone, 92.  
 Cell theory, Centennial of, 200.  
 Chairmen, sectional: for 1938, viii; for 1939, xix.  
 Chemiluminescent products of citric acid, 77.  
 Chemistry: section on, 74; technique of teaching, 74.  
 Cherry, Leaf-spot of, 48.  
 China, Japanese invasion of, 116.  
 Chlorine-resistant bacteria, 34.  
 Citric acid, Chemiluminescent products of, 77.  
 Clark County: archeology, 27; myxomycetes of, 71.  
 Committees for 1938, viii, ix.  
 Coomes, E. A., on The preparation of metal surfaces for electron emission studies, 174.  
 Coordinations, Comparison of, 184.  
 Corn, Distribution and yield of, 143-149.  
 Corn borer in Indiana, 211.  
 Cottman, E. W., et al, on Chemiluminescent products of citric acid, 77.  
 Council meeting, Minutes of, x.  
 Cowgill, Allen P., on Symmetric Jacobi polynomials, 164.  
 Cumings, E. R.: Features of the desert, 113: The New Corydon formation, 113.  
 Cyclotron, Purdue, 173.

- Daily, W. A., on Phytoplankton of Lake Michigan, 46.
- Daniel, R. S., on Muscular potentials during maze learning, 184.
- Danielson, G. C., et al, on Application of trigonometric interpolation to x-ray analysis, 175.
- Dart, F. E., et al, on Thermoelastic properties and equation of state of rubber, 171.
- Davis, J. J., on Insects of Indiana, 200.
- Degering, Ed. F., et al: Preparation of acetyl bromide, 87; Preparation of alkyl iodides, 89.
- Desert, Features of the, 113.
- Dinner, Report on, xix.
- Disinfection, 33.
- Divisional chairmen: for 1938, viii; duties of, xxiii.
- Donaghy, Fred, Memorial, 5.
- Downing, R. H., on Flat-sphere geometry, 157.
- Drosophila, Genetics of, 200, 201, 216, 222.
- Duffin, R. J., et al: An equality of Landau, 157; Entire functions of exponential type, 157.
- Duncan, R. F., et al, on Preparation of alkyl iodides, 89.
- Duties of officers: committee on, xi; list of, xx; report of committee on, xviii.
- Echelbarger, G. H., on Chlorine-resistant bacteria, 34.
- Ecology of forest types, 50.
- Edington, Will E., on Bernoulli's differential equation, 162.
- Editor: duties of, xxii; report of, x, xiv.
- Ek, Charles M., et al, on Indiana grasses, 47.
- Electron emission studies, 174.
- Electrons, 173.
- Elliott, S. E., on Wave motion demonstration, 171.
- Entire functions of exponential type, 157.
- Entomologists, Meeting of, xxviii.
- Enzymes, Pancreatic, 79.
- Epiphytic mosses, 46.
- Equality of Landau, 157.
- Executive committee, Members of, viii.
- Fellows elected, xxx.
- Ficht, G. A., on European corn borer, 211.
- Fidlar, M. M., on Wind-polished pebbles, 121.
- Fidlar, M. M., et al, on Recent oil and gas discoveries in Indiana, 115.
- Fix, Gordon F., on Mineralization in the Harrodsburg limestone, 124.
- Fix, G. F., et al, on Recent oil and gas discoveries in Indiana, 115.
- Flat-sphere geometry, 157.
- Forest ecology, 50.
- Forest successions in Indiana, 45.
- Fossil pollen, 44, 45, 46, 116; as an indication of post-pleistocene climate, 116.
- Friesner, R. C., et al, on Fossil pollen, 44.
- Gallup New Mexico intertribal ceremonial, Geography of, 117.
- Garner, Murvel R., on the fresh-water medusa, 200.
- Gas and oil discoveries in Indiana, 115.
- Gault, H. R., on Heavy minerals of the Mansfield sandstone, 129.
- Geiger, H. E., on Measuring affective experience, 190.
- General session, Minutes of, xviii.
- Geologists, Training of, 118.
- Geology and geography, Section on, 113.
- Geophysics in the training of a geologist, 118.
- Gewirtz, Nathan B., on A test for punch press operators, 185.
- Girton, R. E., on A spiral absorption vessel, 46.
- Glacial action in forming ellipsoidal boulders, 175.
- Glenn, Oliver E., on The fashioning of perfect ellipsoidal boulders by glacial action, 175.
- Golgi material in the parathyroid gland, 201.
- Goncher, John, et al, on Molal boiling point constants for butylacetylene, 102.
- Grant, Charlotte L., on Soil moisture and plant structure, 67.
- Grasses of Indiana, 47.
- Gray, William D., on Myxomycetes of Clark County, 71.
- Green, D. B., on Measuring the output of speakers, 177.
- Guernsey, E. Y., on Clark County archeology, 27.
- Guth, E., et al, on Thermoelastic properties and equation of state of rubber, 171.
- Guth, Eugene, on The interaction of high energy electrons with nuclei, 173.
- Gwynn, Bernard, et al, on Preparation of acetyl bromide, 87.
- Hail, Damage by, in Indiana, 138.
- Hall, Frank R., on The Gallup New Mexico intertribal ceremonial, 117.
- Halogens, Periodicity of, 74.
- Hamann, Cecil B., on The occurrence of the spotted turtle in Indiana, 227.
- Hamill, W. H., on Isotopic exchange equilibria, 110.
- Harrodsburg limestone, 124.
- Harshman, L. P., on Orientations in mental deficiency, 183.
- Hartman, R. J., et al, on Adsorption of pancreatic enzymes, 79.
- Hartsell, S. E., et al, on *Streptococcus agalactiae*, 35.

- Hass, H. B., on Nitration of saturated hydrocarbons, 104.
- Hazleton Bridge formation, 114.
- Headlee, William H., on Human parasites in Indiana, 233.
- Henderson, W. J., on The Purdue cyclotron, 173.
- Hennion, G. F., et al: Action of ammonia on hexynyl magnesium halides, 98; Molal boiling point constants for butyl-acetylene, 102.
- Hexynyl magnesium halides, Action of ammonia on, 98.
- Hobbs, Clinton H., on Apparatus for measuring plant respiration, 47.
- Howell, J. W., et al, on Fossil pollen, 44.
- Huffman, Elma S., on Measurement of attitudes of stutterers, 196.
- Human intestinal parasites in Indiana, 233.
- Hurlbut, Floy, on Geography of the far Eastern conflict, 116.
- Indiana: algae of, 45; botany of, 45; fresh-water sponges of, 244; grasses of, 47; insects of, 200; mastodons of, 246; plants of, 71; post-pleistocene climate of, 116; soils of, 113.
- Indians: language of, 23; Muskogean, 19; Shawnee, 13.
- Industrial psychology, 185.
- Insects of Indiana for 1938, 200.
- Intestinal parasites, 233.
- Invariant subspaces lying in algebraic hypersurfaces, 157.
- Invitations: duties of chairman of committee on, xxiv; report of committee on, xix.
- Iodides, alkyl, Preparation of, 89.
- Iodine number of oil of peppermint, 107.
- Isotopic exchange equilibria, 110.
- Jacobi polynomials, Symmetric, 164.
- James, Hubert M., on Continuous spectra of  $H_2$  and  $D_2$ , 174.
- Japanese invasion of China, 116.
- Junior Academies, List of, xxvii.
- Junior Academy: business session of, xxvi; committee on, ix; officers for 1938, xxv; officers for 1939, xxvi; program of meeting of, xxv; report of committee on, xvii.
- Karslake, J. S., et al, on Photographic measurement of attention value, 184.
- Karslake, Ruth H., on Measurement of advertising value, 193.
- Karst features of Petrified Forest National Park, 114.
- Kelly, George A.: The person as a laboratory subject, as a statistical case, and as a clinical client, 186; The psychologist in the school system, 183.
- Kennedy, C. H., et al, on The hypogaecic ant, *Proceratium*, 202.
- King, L. J., on An early and little known Indiana botanical journal, 45.
- Kintner, Edward, on Fresh-water sponges of Indiana, 244.
- Knipp, J. K., on The van der Waals energy of two beryllium atoms, 174.
- Lanezos, C., et al, on Application of trigonometric interpolation to x-ray analysis, 175.
- Landau, An equality of, 157.
- Lattice-form distribution of congruent convex solids, 157.
- Leaf-spot of cherry, 48.
- Lewis, Edward B., on Genetics of *Drosophila*, 201.
- Library committee: members of, ix; report of, xiv.
- Lightning, Damage by, in Indiana, 137.
- Lilly, Eli, Presidential address of, 8.
- Linkages, Mathematical, 158.
- Lohman, M. L., et al, on The malachite-green differential test for sex strains in *Nectria*, 47.
- Lott, A. V., on Atmospheric variations, 116.
- Lyon, Marcus W., on Mastodons of Indiana, 246.
- Magnetic focusing by trochoid method, 176.
- Malachite-green culture test for fungi, 47.
- Malott, C. A.: The Hazleton Bridge formation, 114; Karst features of the Petrified Forest National Park, 114.
- Mandelic acids, Structure of, 75.
- Mansfield sandstone, Minerals of, 129.
- Mason, Harry, on Shifting attitudes, 185.
- Mastodons of Indiana, 246.
- Mathematics, Section on, 157.
- Maze learning, Muscular action potentials during, 184.
- McCann, Willis, on The effect of metrazol treatment on the Thurstone personality test, 187.
- McCormick's Creek Park, Meeting at, xi.
- McCoy, Scott, on The ecology of forest types, 50.
- McGlynn, Sister Amata, Memorial, 1.
- Medusa, Fresh-water, 200.
- Mellon, M. G., on Movie demonstrations in quantitative analysis, 74.
- Members: election of, xix; list of newly elected, xxix.
- Membership committee: members of, ix; report of, xvi.
- Memorials, xix, 1.
- Mental hygiene, 183, 187.
- Metrazol treatment of psychotic patients, 187.
- Milk, Bacterial analysis of, 44.
- Milking machines, Bacteria in, 34.
- Mineralization in the Harrodsburg limestone, 124.

- Minutes: of council meeting, x; of executive committee, xiii; of general session, xviii; of meeting of Junior Academy, xxvi; of spring meeting, xi.
- Modulation, a linear process, 172.
- Moffett, R. B., et al, on Chemiluminescent products of citric acid, 77.
- Moffett, S. M., et al, on Chemiluminescent products of citric acid, 77.
- Molal boiling point constants for butylacetylene, 102.
- Mosses, epiphytic, 46.
- Muscular action potentials during maze learning, 184.
- Muskhogeans Indians, 19.
- Myxomycetes of Clark County, 71.
- Naylor, Joseph P., Memorial, 6.
- Necrology: memorials, 1-7; report on, xviii.
- Nectria coccinea*, Sex reactions of, 47.
- Nester, Henry G.: The centennial of the cell theory, 200; Golgi material in the parathyroid gland, 201.
- New Corydon formation, 113.
- New members, List of, xxix.
- Nitration of saturated hydrocarbons, 104.
- Nominating committee: duties of chairman of, xxiv; members of, ix; report of, xvii, xix.
- Oats, Distribution and yield of, 153-155.
- Officers: duties of, xx; for 1938, viii; for 1939, xix.
- Ofo-Biloxi sound correspondences, 23.
- Oil and gas discoveries in Indiana, 115.
- Oospora lactis*, 34.
- Otto, J. H., on Fossil pollen, 45.
- Palmer, C. M., on Indiana algae, 45.
- Pancreatic enzymes, Adsorption of, 79.
- Paradise, Catherine G., on Genetics of *Drosophila*, 216.
- Parasites of the snapping turtle, 201.
- Parathyroid gland, Golgi material in the, 201.
- Parfitt, E. H., on *Oospora lactis*, 34.
- Pauley, C. O., on A device for demonstrating the resultant of two concurrent forces, 176.
- Payne, Bryan E., on Comparison of old and young coordinations, 184.
- Pepper, Paul M., on Lattice-form distribution of congruent convex solids, 157.
- Peppermint oil, Iodine number of, 107.
- Periodicity among the halogens, 74.
- Persistence of attitudes, 183.
- Person, The, in psychology, 186.
- Petrified Forest National Park, Karst features of, 114.
- Phosphatase test of butter, 34.
- Phosphorus in the preparation of acetyl bromide, 87.
- Physics, Section on, 171.
- Physiological apparatus, 46, 47.
- Phytoplankton of Lake Michigan, 46.
- Plant structure and soil and moisture, 67.
- Pollen, Fossil, 44, 45, 46, 116.
- Post-pleistocene climate as indicated by fossil pollen, 116.
- Potzger, J. E.: Epiphytic mosses, 46; Post-pleistocene climate as indicated by fossil pollen, 116.
- Potzger, J. E., et al, on Indiana grasses, 47.
- President, Duties of, xx.
- Presidential address, 8.
- Proceedings, Cost of publication of, xiv.
- Program committee: duties of chairman of, xxii; members of, ix; report of, x.
- Program improvement, Report of committee on, xviii.
- Proton diffraction by vapors, 172.
- Psychology: definition of, 186; industrial, 185; in the school system, 183; section on, 183.
- Publications committee, ix.
- Purdue cyclotron, 173.
- Purdue University, Meeting at, xii.
- Rabies, Immunization against, 33.
- Radio technique, 177.
- Ramsey, R. R.: An error in wave motion, 172; Modulation, 172.
- Reclamation in the Yakima Valley, 115.
- Reeves, J. L., et al, on Rabies immunization, 33.
- Relationship of Academy to State: committee on, ix; report of committee on, xvi.
- Remmers, H. H., et al, on The persistence of attitudes, 183.
- Research, Organization of, 8.
- Research committee: duties of chairman of, xxiii; report of, xvi; work of, xviii.
- Resolutions committee: duties of chairman of, xxiv; report of, xix.
- Respiration, Apparatus for measuring, 47.
- Richards, Ruth R., on Fossil pollen, 46.
- Riebsomer, J. L., et al, on Mandelic acids, 75.
- Rifenburgh, S. A., et al, on Genetics of *Drosophila*, 200, 216, 222.
- Rubber, Thermoelastic properties and equation of state of, 171.
- Salamanders of Indiana, 238.
- Saturated hydrocarbons, Nitration of, 104.
- Schaeffer, A. C., et al: An equality of Landau, 157; Entire functions of exponential type, 157.
- Schweiger, L. B., et al, on Rabies immunization, 33.

- Secretary, Duties of, xx.  
 Sectional chairmen for 1939, xix.  
 Serviss, Fred, on Geophysics in the training of a geologist, 118.  
 Sex differences in food likes and dislikes, 198.  
 Sex reactions in fungi, *Nectria coccinea*, 47.  
 Shaw, J. E., et al, on Genetics of *Drosophila*, 222.  
 Shawnee Ind'ans in the sixteenth and seventeenth centuries, 13.  
 Shockley, Clarence, et al, on Caudata of Vigo County, 238.  
 Shreve, D. R., on Invariant subspaces lying in algebraic hypersurfaces, 157.  
 Snapping turtle, Parasites of, 201.  
 Soil moisture and plant structure, 67.  
 Soils of Indiana, 113.  
 Solutions, non-aqueous, 92.  
 Speakers, Measuring the output of, 177.  
 Spectra of  $H_2$  and  $D_2$ , 174.  
 Spiral absorption vessel, 46.  
 Sponges of Indiana, 244.  
 Spotted turtle in Indiana, 227.  
 Spring meeting, Minutes of, xi.  
 Squall-wind, Damage by, in Indiana, 139.  
 Stammerers, Measurement of attitudes of, 196.  
 Stanley, Ina, on Microscopic analysis of milk, 44.  
*Streptochoeta spicata*, Leaf of, 47.  
*Streptococcus agalactiae*, 35.  
 Stutterers, Measurement of attitudes of, 196.  
 Symmetric Jacobi polynomials, 164.  
 Talbot, Mary, et al, on The hypogaecic ant, *Proceratium*, 202.  
 Taxonomists, Meeting of, xxviii.  
 Teaching, Technique of, in physics, 176.  
 Test, Frederick H., et al, on The blue jay, 228.  
 Test, Louis A., et al, on The blue jay, 228.  
 Tetrault, P. A., on Disinfection, 33.  
 Thermoturcic bacteria, 34.  
 Thurstone personality schedule, 187.  
 Tiffin, Joseph, on Industrial psychology, 185.  
 Tiffin, Joseph, et al, on Photographic measurement of attention value, 184.  
 Tornados, Damage by, in Indiana, 140.  
 Treadway, R. H., et al, on Bromination of acetone, 92.  
 Treasurer: duties of, xxi; report of, x, xvii.  
 Trigonometric interpolation applied to x-ray analysis, 175.  
 Trochoid method of magnetic focusing, 176.  
 Turtles, 201, 227.  
 Tussing, Lyle, on Sex differences in food preferences, 198.  
 Ultra-violet light, Effect of, on *Drosophila*, 216, 222.  
 Vice-President, Duties of, xx.  
 Vigo County, Caudata of, 238.  
 Visher, S. S.: Damage by lightning, hail, and storms, 137; Yields of corn, wheat, and oats in Indiana, 143.
