

## Indiana Plant Distribution Records, XX. 1966-68

JACK HUMBLER, Indiana University

Genera are listed in the order of their appearance in Deam's Flora of Indiana. Species within each genus are in alphabetical order, and are followed by the name of the county in which they were collected. Nomenclature is in accord with that used in Gray's Manual of Botany, 8 ed., 1950.

Specimens have been collected by John Bard, Mark Fraker, Mary Ann Hart, C. Bixler Heiser, III., Jack Humbles, C. Eugene Jones, Dirk Walters, and Jim Whitis.

Voucher specimens for all the new records are in the herbarium of Indiana University.

### Taxonomic Entities
