JURY SELECTION

A WINNING VERDICT IS NO ACCIDENT...

It is not based solely on your ability to argue a case...nor does a winning verdict come from the facts alone. It begins with the jury—one that will be understanding and sympathetic to your client’s cause through every step of the trial.

Now, the art and skillful technique of selecting the best possible jury—for any type of case—is finally revealed in JURY SELECTION by Judge Walter E. Jordan. A veteran of hundreds of trials as a lawyer and on the bench, Judge Jordan thoroughly discusses the everyday problems that can arise in choosing a jury and offers practical advice for avoiding or solving them.

Along with the latest coverage of virtually every aspect of picking a jury, JURY SELECTION places special emphasis on the process of voir dire. It includes extensive coverage of voir dire in specific types of civil and criminal litigation. Plus, with each type of case, are examples of actual voir dire questions.

Invaluable to the attorney before entering the courtroom, is Judge Jordan’s important list of “Do’s” and “Don’ts” for approaching the panel. He gives helpful advice on challenges for cause and their grounds, the use of peremptory challenges, problems of selecting a jury in highly publicized cases, and the use of psychologists, sociologists and other scientists, in determining juror attitudes.

While other books and law review articles only highlight the jury system as a whole, JURY SELECTION is the first comprehensive guide to give in-depth treatment to selecting a jury for all types of cases. And now, this outstanding guide can be yours for a 30-day trial examination.

JUDGE WALTER E. JORDAN

The author is District Judge for the 48th Judicial District of Texas in Fort Worth. After 16 years of private practice as a trial lawyer, Judge Jordan was appointed to the bench in 1963. In his 17 years as a trial judge he has presided over hundreds of cases, both jury and non-jury, and he has seen all types of lawyers select a jury.
