The definitive text:

# Civil Rights Legislation

by

**THEODORE EISENBERG**

This important segment of public law now may be taught in an organized and coherent fashion, with a casebook which includes all important substantive legislation and Court decisions through the Fall, 1980 term.

As well as providing an historical perspective to civil rights legislation, the text focuses on the crucial and fundamental issues in the field:

- Extensive coverage of issues under section 1983
- Damages and injunctive relief
- Discrimination in housing and employment
- Supreme Court interpretations of federal statutes
- The relationship between state and federal courts
- The Civil Rights Act of 1964
- Individual and governmental defenses
- Legislative immunity
- The liability of municipalities
- Jurisdictional problems
- Remedies for constitutional rights violations
- Exhaustion and Abstention
- Issues arising under section 1982
- For handy reference, a complete text of the Constitution is provided
