# WESTLAW<sup>®</sup> TELLS YOU RIGHT AWAY

A computer legal research system shouldn't keep you in the dark about the outcome of a case.

Only WESTLAW tells you the disposition of a case in the same place on the first page of every Full Text Plus case. It is consistently given on the first line following the WESTLAW case synopsis. You can tell at a glance whether the case you've retrieved has been affirmed, reversed or remanded . . . whether the order has been vacated . . . or whether the motion is granted or denied.

You benefit by saving reading time. And the time you save also means savings in computer time charges.

If your computer system has only the text of the court opinion, things get more complicated. The disposition might be stated near the beginning of the case . . . in the middle of the case . . . or at the end of the case. Wherever it is, you'll have to read the case till you find it. Of course, you will incur the extra time charges. That's a lot of work and money spent for a simple, vital piece of information.

Telling you the outcome of a case—at a glance—is just one reason why WESTLAW sets the standard in computer-assisted legal research. There are many other reasons, too.

*For a demonstration, or more information on how WESTLAW can help you research and win cases, contact your West Publishing Sales representative, or call collect at 612/228-2433. West Publishing Company, 50 W. Kellogg Blvd., P.O. Box 3526, St. Paul, MN 55165.*
