*WHAT MAKES WESTLAW
75,000 TIMES BETTER?*

OUR TRADITION OF ACCURACY

We correct and edit our opinions before they go on-line. The competition doesn't. And the difference is reliability.

Last year, West Publishing Company received 60,000 cases containing 75,000 incorrect citations, typos, or errors of various sorts.

Throughout our 100 years of legal publishing, we have become known for editorial accuracy. That's why—before adding those cases to WESTLAW—the West Manuscript and Editorial Departments checked and corrected every error. All 75,000.

LEXIS, on the other hand, merely adds raw text to their data warehouse. If users take the time to bring errors to their attention, LEXIS will correct them one at a time.

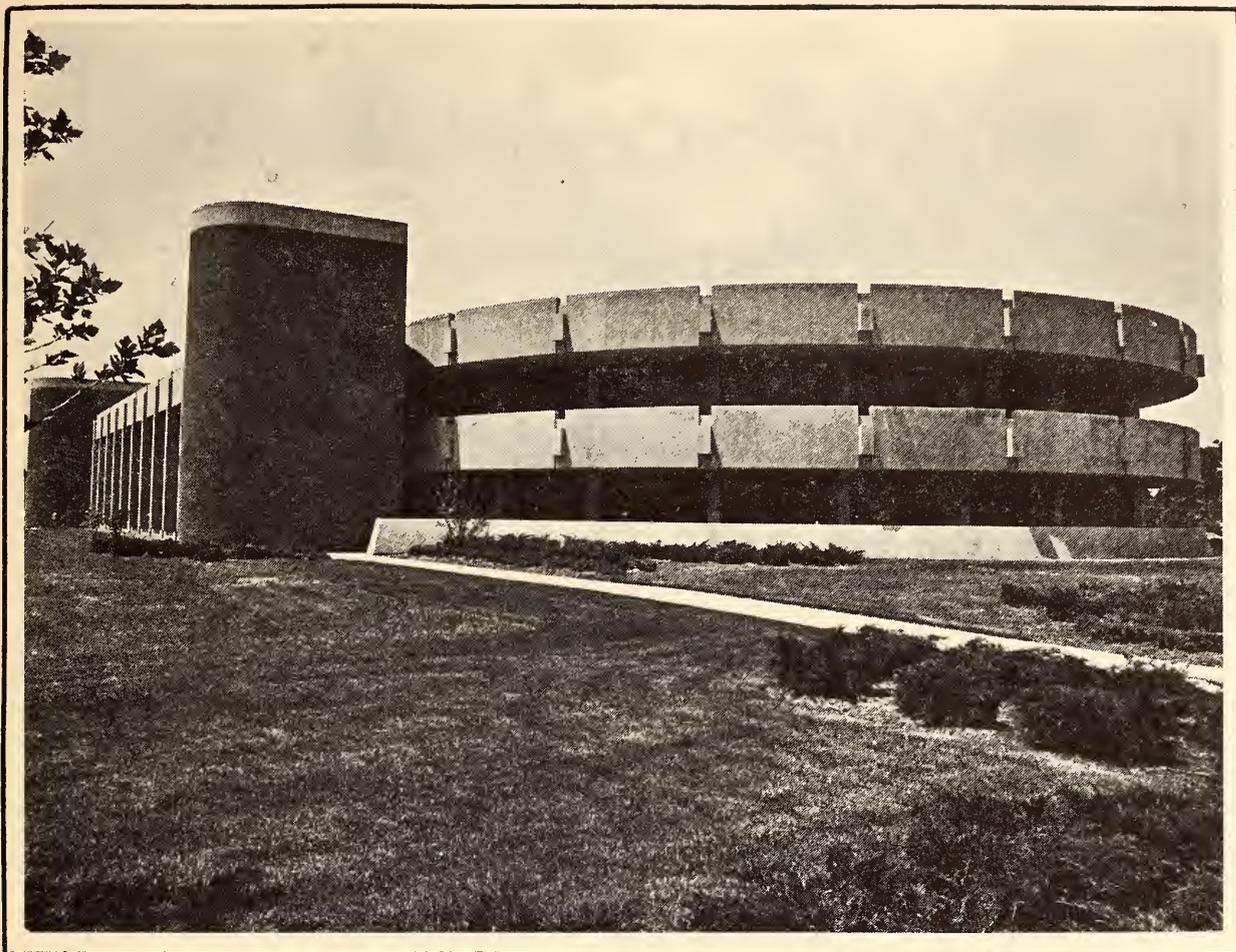

There are many factors that make one computer-assisted legal research service come out way ahead of another. One of the most important is **reliability**. When you and your clients depend on a computer to find the law, you want to know you're getting the best possible results.

Only with WESTLAW can you rely on the accuracy of on-line materials. Only with WESTLAW can you get the best results. Ask us about all the WESTLAW advantages by contacting your West Sales Representative, or by calling 1-800-328-9352 (or 612-228-2973.)
