BNA's Law School Program

Multiple platforms, more choices
—for staff and students.

Delivery of timely information is one of the cornerstones of BNA's success. Now, BNA delivers services electronically, through IP authentication, to all law school faculty staff and their students.

By subscribing to any of four law school-wide electronic packages or building your own custom package, you can give your students access to the same valuable information as practicing attorneys. They'll conduct research and follow changes in the law in the same way senior partners do. Your students will not only be prepared for internships and clerkships, they'll be better equipped for any job.
